19TH YEAR. NO. 91.

EAST LIVERPOOL, O., THURSDAY, APRIL 17, 1902.

TWO CENTS.

## SETTLEMENT OF THE STRIKE EXPECTED IN A SHORT TIME

Both Sides in the Chester Mill  
Dispute Show a Desire  
to Compromise.

### SEVERAL MEETINGS HELD

At One of Which the Acting Man-  
ager Addressed the Mill  
Men.

### NEW SCALE TO BE DRAFTED

And Sent on to the Headquarters of  
the Company for Approval—An  
Early Adjustment of the Difficulty  
is Predicted Today.

The men who quit work at the Ches-  
ter tin mill yesterday morning at 5  
o'clock are still out, but it was ex-  
pected at noon today that the several  
tin mills would be in operation not  
later than Monday next. The men are  
as anxious to return to work as the  
company is to have the plant again  
in operation.

A meeting of the workmen was held  
in the grand stand at Rock Springs  
park yesterday afternoon, which was  
attended by almost every person con-  
nected with the mill. At this session  
the men were addressed by Acting  
Manager Goldsmith, who is reported  
to have told the workmen that if the  
scale was not satisfactory the com-  
pany would make matters so, and as  
soon as possible. The men were ask-  
ed to prepare and present to the offi-  
cials of the Chester mill a scale of  
their own, and in turn it would be  
forwarded to the headquarters of the  
company at New York by Goldsmith.

The committee which was appoint-  
ed at the first meeting to prepare  
a scale for the men, presented the  
scale this morning to the officials of  
the mill, but later withdrew it. The  
committee discovered that it had  
made a few errors which ought to  
be corrected. At a meeting held this  
morning in the grand stand at Rock  
Springs the committee was instructed  
to rearrange the scale and have  
the same prepared this afternoon, at  
which time it would be approved by  
the men and then it would be pre-  
sented to the officials.

It is thought that this scale will be  
accepted by the officials of the com-  
pany, as it is not as high as the Amal-  
gamated scale, the men holding that  
under the process which is now be-  
ing used in the mill they will be able  
to turn out more material than at  
the mills in Pittsburgh and elsewhere.  
Judging from the conversation among  
the different strikers it is thought  
that the difficulty will be entirely set-  
tled in a short time.

During the meeting yesterday after-  
noon it was suggested by the mill offi-  
cials that matters be so arranged  
that the day turn be ready to start  
this morning, but this was found to  
have been impossible. The committee  
having charge of the new scale met  
last evening and the same committee  
will have charge of the arrangement  
of the scale until it is accepted by the  
company. As soon as the officials of  
the Chester mill hear from New York,  
it is said the men will resume work.  
It is not at all likely that operations  
will be resumed before Monday.

### DECLARED INSANE

A Commission Reports on the Condi-  
tion of Lucinda  
Seederly.

Lisbon, April 17. — (Special) —  
In the suit of Lucinda Seederly  
against William Seederly, insane, Dr.  
M. D. Marquis, Dr. W. C. Nevin, Dr.  
G. H. Albright, N. H. Ramsey, W. H.  
Hepburn and C. M. Young were ap-  
pointed to examine the condition of  
the defendant and report. They re-  
port the defendant permanently in-  
sane.

The petition of the plaintiff was  
that she might sell real estate in  
which the defendant had a dower  
right.

### IN ODD FELLOWS HALL

Funeral Services of the Late David  
Waterfield Held  
Today.

The funeral of David Waterfield,  
who died Monday evening at the roll-  
ing mill, Chester, was held this after-  
noon at 2 o'clock from the Odd Fel-

lows' hall. Rev. C. G. Jordan preach-  
ed the funeral sermon. Lodge No.  
533, Irondale, of which Mr. Water-  
field was a member, attended the fu-  
neral in a body. They came on the  
noon train and returned on the after-  
noon train.

The interment was in the Odd Fel-  
lows' lot at Riverview cemetery. This  
is the first funeral that has ever  
been held from the I. O. O. F. hall.

### ANOTHER SCALE

IS REPORTED DESIRED BY  
STREET RAILWAY COMPANY.

That Presented By the Men Unsatis-  
factory And Conference  
Asked.

Official announcement has been  
made that L. W. Healy, of the East  
Liverpool Railway company, has re-  
quested a hearing with the executive  
committee of division No. 52, street  
railway employees, composed of  
Messrs. Moore, Calvin and Kontner.  
It is said that the company is not sat-  
isfied with the new scale as presented  
by the street railway employees, and  
it is supposed that a re-arrangement  
is desired. When the committee will  
again call upon Mr. Healy has not  
been given out.

It is a known fact that the employes  
dislike to change the scale, and it is  
likely that they will remain firm in  
asking the management to sign it as  
presented, or else have a sliding scale  
as presented to the men by C. A.  
Smith, of the East Liverpool & Rock  
Springs line.

When the local presented the scale  
to both companies, an answer was re-  
quested in 10 days, but within 24  
hours after the scale was presented  
to C. A. Smith he sent word to the  
committee of the local, stating he was  
ready to talk business.

### TREES AND BIRDS

Will Receive Attention in the Public  
School Exercises To-  
morrow.

Tomorrow being Arbor day the lo-  
cal schools will devote several hours  
during the afternoon session to its  
observance. Supt. Rayman is in re-  
ceipt of a proclamation from Governor  
Nash regarding the observance of Ar-  
bor day in the public schools.

As Friday is also the regular date  
for the literary exercises in many  
of the schools, the quotations, songs,  
recitations, etc., will be largely along  
lines which will tend to instill into  
the mind of young America the neces-  
sity of preserving the forest trees  
and the protection of the feathered  
songsters.

### JUDGMENT FOR \$1,201

Confessed By a Wellsville Defendant  
Sued By Ross A.  
Noble.

Lisbon, April 17. — (Special) —  
Ross A. Noble sued John N. McLean  
for \$1,201.06 and received the full  
amount, McLean having confessed  
judgment.

The parties are from Wellsville.

### FAINTED AT A FUNERAL

Mrs. Abrams Taken Ill While Attend-  
ing the Obsequies of  
Her Sister.

While attending the funeral of her  
sister, Mrs. J. E. McClure, of Fourth  
street, yesterday afternoon, Mrs. Ed-  
ward Abrams of Cannon's Mills, was  
attacked with a severe fainting spell.  
Restoratives were applied and she  
soon recovered.

### Gave a Site for a Church.

Toronto, April 17. — Through the  
generosity of R. M. Francy, the con-  
gregation of the United Presbyterian  
church has been presented with a  
valuable building lot on South Third  
street, the original site of the Pres-  
byterian church and where Francy  
hall now stands. Mr. Francy has pre-  
sented the ground to the church and  
the hall will be moved away. It is  
proposed to erect a model brick ed-  
ifice.

### Probate Matters.

Lisbon, April 17. — (Special) —  
Mary Ann Summers, of Hanover town-  
ship, as administrator, is allowed her  
dower of \$360.09 out of the estate of  
John Summers.

In the suit of Oliver V. Ball and  
others against Albert G. Phillips, the  
partition of a 25-acre tract in Salem  
township is ordered.

## TRUE BILLS FOUND

Deputy Sheriff Lawrence Allison and O. L.  
Baker Indicted in Connection With  
Blackmailing Cases.

Lisbon, April 17. — (Special) — Deputy Sheriff Lawrence Allison has been  
indicted by the grand jury on three counts in connection with the O. L.  
Baker blackmailing scheme. Baker is also indicted.

The grand jury rose this afternoon, having found 45 indictments in  
all.

The three indictments against Allison are for soliciting bribes. One  
indictment is returned against Oscar L. Baker on the charge of blackmail,  
one for false pretense.

In the first indictment against Baker the name of Saloon Keeper  
William H. Thompson and in the second that of Jacob Sweigart.

As the warrants are not yet served on Allison the indictments are not  
open to the view of anybody but officials, but it is understood that the  
charge is soliciting bribes.

Allison has been in the sheriff's office most of the afternoon. Shortly  
after the grand jury reported, one of his friends entered the office and  
said:

"Well, Lawrence, they returned against you."  
The friend thought the warrants had been served. It was Allison's  
first news of the matter. Turning quickly, he fixed his gaze far away,  
out of the window.

"There is a chance yet," he said. "A good chance."

Sheriff Leonard and Deputy Davidson seemed as much overcome and  
unnerved as Allison. Both think highly of the deputy and refuse to be-  
lieve that he can be proven guilty.

The sheriff said this morning that if Allison was indicted, it would be  
one of the worst things that ever happened in his life, because of his  
great confidence in him.

Allison told his wife and child last night of the difficulty, stating that  
he can prove his innocence.

The whole matter comes as a great shock to court house officials, as  
all who know Allison had every reason to believe in his honesty. No  
suspicion attaches to Sheriff Leonard or Deputy Dan Davidson.

## POTTERY DEAL IS DELAYED

Hitch in Negotiations For a Tren-  
ton-East Liverpool  
Combination.

### DETAILS ARE WANTING

The Cook Pottery, of Trenton, One of  
the Principal Plants to Be In-  
cluded, Refuses to Consider the  
Project Further.

Reports have been in circulation in  
Trenton for several days, says a Tren-  
ton paper, to the effect that there has  
been a hitch in the negotiations to  
form a consolidation of several Tren-  
ton and East Liverpool potteries. It  
has been stated that the Cook pottery  
company, which was one of the prin-  
cipal plants that was to form the com-  
bination, has entirely withdrawn from  
the deal. Mr. Cook is said to have  
refused to consider any further of-  
fers.

It was expected the project would  
be finally settled at a meeting set for  
last week, but something unexpected  
happened just at the last moment dis-  
appointing several manufacturers who  
intended going into the combine.

The exact details as to what has de-  
layed the perfecting of the consolida-  
tion are lacking, both at Trenton and  
in this city, as those persons in this  
city connected with the company knew  
nothing of the business affairs of the  
concern.

### TAKEN TO CANTON

Crip Cain Started for the Workhouse.  
Police Court  
Decrees.

Officer Saulsbury left this morning  
for Canton, having in custody "Crip"  
Cain, who will do about six months at  
the workhouse.

Joe Woolley, who was arrested sev-  
eral days ago, and who was booked to  
remain in jail until the fine of \$5.00  
was paid, secured his release yester-  
day and an order was secured  
amount.

Ed O'Neill, the New Castle man who  
was jailed early in the week for  
drunkenness, was released yesterday.  
He has secured employment with  
Manager Tom Price, of the Toronto  
pottery, and a norder was secured  
from him covering the amount of the  
fine.

### Received Judgment.

Lisbon, April 17. — (Special) —  
D. H. Speidel received judgment in  
'quire Winder's court at Hanoverton  
against J. S. Faloon for \$69.35. Fal-  
oon assumed an account of Kennett  
Coy. The defendant appealed.

## GOOD MEETING OF LABOR BODY

Trades Council Held an Unusually  
Interesting Session Last  
Night.

### THE LIBRARY MATTER UP

And an Account of Transactions from  
the Start Requested—The Finan-  
ces of the Council Reported in Ex-  
cellent Shape.

While the attendance at the meet-  
ing of Trades and Labor Council was  
not large, the session held last night  
was one of the most interesting in a  
long time.

A communication was received  
from the strikers in the Singer sew-  
ing machine works at South Bend,  
Ind., acknowledging the receipt of a  
donation.

From Jamestown, N. Y., came the  
information that the street railway  
strike, which has been in progress  
there for some time, had been set-  
tled.

A committee appointed at the last  
meeting reported that it was unable  
to find any of Ward & Co.'s overalls  
on sale in this city. The product was  
on the unfair list and the council had  
been requested to discourage its sale.

A motion was passed providing that  
the secretary be instructed to com-  
municate with the secretary of the  
public library board, asking for a re-  
port covering a wide scope. The  
Trades Council believes it is entitled  
and should have an accounting of the  
funds, receipts and expenditures of  
the institution since it started. They  
will ask that a list of books now  
owned by the library be furnished, to-  
gether with the cost thereof. They  
would like a record of the receipts  
from various sources. The members  
feel that this courtesy is due the body  
from the fact that the institution has  
derived most of its revenue from the  
council and the unions affiliated with  
it. The request is made in order that  
the organization may have a record  
of the transactions mentioned. If  
the library secretary responds the in-  
formation will be preserved for future  
reference.

It was unanimously decided to ex-  
press the disapproval of the council  
of the alleged action of Hon. D. W.  
Crist, of the state legislature,  
in having the free school book bill  
pigeon-holed. Other trades unions  
have taken similar action.

Trustee Orr made a report in be-  
half of his board. It showed that the  
finances of the council were in excel-  
lent condition. Besides considerable  
ready money in the hands of the trust-  
ees, a comfortable sum was in a local  
building and loan association.

A credential committee was ap-  
pointed, whose duty it will be to look

## MONEY SPENT ON FINERY STOLEN BY SERVANT GIRL

after new delegates previous to the  
reorganization early next month.

Owing to the fact that a great  
many of the delegates from the pot-  
tery trades will be absent from the  
city upon the date on which the new  
council will organize, it was suggest-  
ed that the election of officers be de-  
ferred. The question called forth a  
great deal of discussion, and it was  
finally concluded that nothing could  
be done along this line without violat-  
ing the constitution.

### COSTLY WRECK

ON THE C. & P. NEAR TORONTO  
YESTERDAY.

Freight Cars And Locomotive Smash-  
ed And Gondolas  
Telescopied.

A costly freight wreck occurred on  
the C. & P. near the Little Giant  
brick works, above Toronto, yesterday  
morning, when a big class H-4 engine  
and several freight cars and gondolas  
were smashed up. The wreck occurred  
immediately after the early eastbound  
passenger train had left the station  
and the main track and sidings were  
blocked until noon.

The cars were thrown across the  
tracks, the contents broken and scat-  
tered about, trucks were torn off and  
rails torn up. The wreck was caused  
by the parting of extra freight train  
598. The train parted above the  
Great Western works and Engineer  
Jordan cut loose on the siding east  
of the Giant and backed up on the  
main track to get the rear end of his  
train. After coupling up he pulled  
into the siding to get out of the way  
of the passenger train.

The air brakes refused to work  
and the engine crashed into the front  
end of the train. The impact was  
very heavy and the engine was almost  
completely wrecked, the tender going  
half way through the cab. The engi-  
neer and fireman both jumped just  
before the collision and thus escaped  
instant death.

Two freight cars in the middle of  
the train loaded with machinery and  
farming implements were thrown  
across the tracks and smashed into  
kindling wood and two gondola cars  
were telescopied. The wreck train  
from Wellsville had the debris and  
broken cars pretty well cleared away  
this afternoon. The main track was  
cleared at 11 o'clock. The wreck will  
cost the company several thousand  
dollars, besides the locomotive, which  
will probably go to the scrap heap.

### LOCAL OPTION AGAIN

East Palestine to Vote on the Question  
Once More Next  
Month.

East Palestine, April 17. — The vil-  
lage council has set May 10 as the  
date for holding a special election for  
the purpose of determining whether  
the village may have local option or  
not. The liquor element of the village  
has for some time been making an  
effort to secure the opening of the  
town to the saloons, and had met the  
preliminary requirements of the Beal  
law and presented the petition to the  
council.

### BUILT IN 1803

Historical Record Unearthed in a  
Building Stone at  
Lisbon.

Lisbon, April 17. — (Special) —  
While excavating for a new building  
in the Commercial block yesterday  
workmen unearthed a stone with the  
following inscription:

"G. E. Crowl, mason, built this  
house for Michael Wert and his wife  
Madelena, A. D. 1808."

As the town was laid but five years  
earlier than the date of this inscrip-  
tion it makes the foundation of the  
building destroyed by fire a year ago  
a very old piece of masonry, one of  
the oldest in town.

### Demurrer Sustained.

Lisbon, April 17. — (Special) —  
In the suit of Well & Weil against the  
Union Pottery company, of East Liv-  
erpool, for legal services, a demurrer  
has been sustained.

### Married at Alliance.

Lisbon, April 17. — (Special) —  
It is announced today that William  
Feasline and Mrs. Annie Curry, both  
of Lisbon, were married at Alliance  
last Saturday.

Fine job work—News Review office.

Arrested in This City, a Young  
Woman Was Taken to  
Irondale.

### SHE ENTERED A DENIAL

But Finally Confessed Her Crime  
In a Justice's  
Court.

### AGREED TO MAKE SETTLEMENT

By Returning Goods And Compromis-  
ing Remainder of the Claim  
Against Her for Cash—She Was  
Employed in This City.

Mary Ellen Plunkett, a domestic  
employed in a well known family of  
this city, was arrested by Constable  
Mackall, of Irondale, and taken to  
that town yesterday to answer to a  
charge of larceny.

The young woman was accused of  
stealing \$35 from George Duck, of  
Irondale, early this week and the case  
has been developing since last Mon-  
day. When arrested Miss Plunkett  
strenuously denied that she knew any-  
thing about the matter.

Constable Mackall with his prisoner  
arrived in Irondale on the afternoon  
train and she was at once conducted  
to the office of Justice Paisley. Here  
the Plunkett woman broke down and  
confessed to having taken \$30, but  
knew nothing of the other \$5. She had  
no money at the time and told the  
justice she had spent it.

Upon investigating it was found  
that Miss Plunkett had invested most  
of the money in finery.

Arrangements were made to return  
the goods and obtain what money was  
possible. The girl agreed to pay the  
remainder, and the case was compro-  
mised.

### CODE BILL DEAD

Loaded Down With Innumerable  
Amendments And Buried.  
Many Bills Passed.

Columbus, April 17. — (Special) —  
The municipal code bill providing for  
a uniform form of government for all  
municipalities in Ohio is dead. Bur-  
dened with countless amendments,  
which divested it of all resemblance  
of its original shape, it was consigned  
to the grave by the house yesterday.  
The bill was referred to a select com-  
mittee of one, Mr. Comings, the au-  
thor of the bill, being such committee,  
with leave to report at leave. The  
means that the bill will not be heard  
of again this session.

The legislative grind assumed large  
proportions yesterday. The house  
passed many important bills. One of  
these was the Comings bill extending  
the life of the canal commission two  
years. Another bill passed was the  
Cain measure to establish a state  
board of embalming and to prevent  
the spread of contagious diseases. The  
Guerin eight-hour bill was defeated in  
the house after a hard fight.

The Cole bill to reduce the state  
levy from 2.89 mills to 1.35 mills pass-  
ed the house. The state resolution to  
amend the constitution by adding the  
initiative and referendum and the  
Tenney resolution providing for the  
sine die adjourning of the legislature  
on April 28 were introduced.

### CAPTURED IN IOWA

Hudson Express Agent Who Skipped  
With \$4,000 Has Been  
Caught.

Frank E. Fuller, the young express  
agent of Hudson, who skipped out  
about two months ago with a bundle  
of bills amounting to about \$4,000  
that were being shipped to the treas-  
ury department in Washington, has  
been captured.

Fuller was captured at Red Oak, Ia.,  
where he had been traced by detect-  
ives who had been after him ever  
since it was learned that he had taken  
the money. Fuller was living in Red  
Oak under an assumed name, calling  
himself F. L. Foster. Fuller confess-  
ed to the theft and offered to return  
to Ohio without requisition papers.

### Accidentally Left Out.

In giving the program of Prof.  
Hatch's piano recital yesterday, the  
name of Miss Clara Pusey, who play-  
ed a piano solo, a serenade from Bos-  
covich, was accidentally omitted.

### Probate Matters.

Lisbon, April 17. — (Special) — Mary Ann Summers, of Hanover township, as administrator, is allowed her dower of \$360.09 out of the estate of John Summers.

In the suit of Oliver V. Ball and others against Albert G. Phillips, the partition of a 25-acre tract in Salem township is ordered.

## TRUE BILLS FOUND

Deputy Sheriff Lawrence Allison and O. L. Baker Indicted in Connection With Blackmailing Cases.

Lisbon, April 17. — (Special) — Deputy Sheriff Lawrence Allison has been indicted by the grand jury on three counts in connection with the O. L. Baker blackmailing scheme. Baker is also indicted.

The grand jury rose this afternoon, having found 45 indictments in all.

The three indictments against Allison are for soliciting bribes. One indictment is returned against Oscar L. Baker on the charge of blackmail, one for false pretense.

In the first indictment against Baker the name of Saloon Keeper William H. Thompson and in the second that of Jacob Sweigart.

As the warrants are not yet served on Allison the indictments are not open to the view of anybody but officials, but it is understood that the charge is soliciting bribes.

Allison has been in the sheriff's office most of the afternoon. Shortly after the grand jury reported, one of his friends entered the office and said:

"Well, Lawrence, they returned against you." The friend thought the warrants had been served. It was Allison's first news of the matter. Turning quickly, he fixed his gaze far away, out of the window.

"There is a chance yet," he said. "A good chance." Sheriff Leonard and Deputy Davidson seemed as much overcome and unnerved as Allison. Both think highly of the deputy and refuse to believe that he can be proven guilty.

The sheriff said this morning that if Allison was indicted, it would be one of the worst things that ever happened in his life, because of his great confidence in him.

Allison told his wife and child last night of the difficulty, stating that he can prove his innocence.

The whole matter comes as a great shock to court house officials, as all who know Allison had every reason to believe in his honesty. No suspicion attaches to Sheriff Leonard or Deputy Dan Davidson.

## POTTERY DEAL IS DELAYED

Hitch in Negotiations For a Trenton-East Liverpool Combination.

### DETAILS ARE WANTING

The Cook Pottery, of Trenton, One of the Principal Plants to Be Included, Refuses to Consider the Project Further.

Reports have been in circulation in Trenton for several days, says a Trenton paper, to the effect that there has been a hitch in the negotiations to form a consolidation of several Trenton and East Liverpool potteries. It has been stated that the Cook pottery company, which was one of the principal plants that was to form the combination, has entirely withdrawn from the deal. Mr. Cook is said to have refused to consider any further offers.

It was expected the project would be finally settled at a meeting set for last week, but something unexpected happened just at the last moment disappointing several manufacturers who intended going into the combine.

The exact details as to what has delayed the perfecting of the consolidation are lacking, both at Trenton and in this city, as those persons in this city connected with the company knew nothing of the business affairs of the concern.

### TAKEN TO CANTON

Crip Cain Started for the Workhouse. Police Court Decrees.

Officer Saulsberry left this morning for Canton, having in custody "Crip" Cain, who will do about six months at the workhouse.

Joe Woolley, who was arrested several days ago, and who was booked to remain in jail until the fine of \$5.50 was paid, secured his release yesterday and an order was secured amounting.

Ed O'Neill, the New Castle man who was jailed early in the week for drunkenness, was released yesterday. He has secured employment with Manager Tom Price, of the Toronto pottery, and a norder was secured from him covering the amount of the fine.

### Received Judgment.

Lisbon, April 17. — (Special) — D. H. Speidel received judgment in Squire Winder's court at Hanoverton against J. S. Faloon for \$69.35. Faloon assumed an account of Kennett Coy. The defendant appealed.

## GOOD MEETING OF LABOR BODY

Trades Council Held an Unusually Interesting Session Last Night.

### THE LIBRARY MATTER UP

And an Account of Transactions from the Start Requested—The Finances of the Council Reported in Excellent Shape.

While the attendance at the meeting of Trades and Labor Council was not large, the session held last night was one of the most interesting in a long time.

A communication was received from the strikers in the Singer sewing machine works at South Bend, Ind., acknowledging the receipt of a donation.

From Jamestown, N. Y., came the information that the street railway strike, which has been in progress there for some time, had been settled.

A committee appointed at the last meeting reported that it was unable to find any of Ward & Co.'s overalls on sale in this city. The product was on the unfair list and the council had been requested to discourage its sale.

A motion was passed providing that the secretary be instructed to communicate with the secretary of the public library board, asking for a report covering a wide scope. The Trades Council believes it is entitled and should have an accounting of the funds, receipts and expenditures of the institution since it started. They will ask that a list of books now owned by the library be furnished, together with the cost thereof. They would like a record of the receipts from various sources. The members feel that this courtesy is due the body from the fact that the institution has derived most of its revenue from the council and the unions affiliated with it. The request is made in order that the organization may have a record of the transactions mentioned. If the library secretary responds the information will be preserved for future reference.

It was unanimously decided to express the disapproval of the council of the alleged action of Hon. D. W. Crist, of the state legislature, in having the free school book bill pigeon-holed. Other trades unions have taken similar action.

Trustee Orr made a report in behalf of his board. It showed that the finances of the council were in excellent condition. Besides considerable ready money in the hands of the trustees, a comfortable sum was in a local building and loan association.

A credential committee was appointed, whose duty it will be to look

after new delegates previous to the reorganization early next month.

Owing to the fact that a great many of the delegates from the pottery trades will be absent from the city upon the date on which the new council will organize, it was suggested that the election of officers be deferred. The question called forth a great deal of discussion, and it was finally concluded that nothing could be done along this line without violating the constitution.

### COSTLY WRECK

ON THE C. & P. NEAR TORONTO YESTERDAY.

Freight Cars And Locomotive Smashed And Gondolas Telescoped.

A costly freight wreck occurred on the C. & P. near the Little Giant brick works, above Toronto, yesterday morning, when a big class H-4 engine and several freight cars and gondolas were smashed up. The wreck occurred immediately after the early eastbound passenger train had left the station and the main track and sidings were blocked until noon.

The cars were thrown across the tracks, the contents broken and scattered about, trucks were torn off and rails torn up. The wreck was caused by the parting of extra freight train 598. The train parted above the Great Western works and Engineer Jordan cut loose on the siding east of the Giant and backed up on the main track to get the rear end of his train. After coupling up he pulled into the siding to get out of the way of the passenger train.

The air brakes refused to work and the engine crashed into the front end of the train. The impact was very heavy and the engine was almost completely wrecked, the tender going half way through the cab. The engineer and fireman both jumped just before the collision and thus escaped instant death.

Two freight cars in the middle of the train loaded with machinery and farming implements were thrown across the tracks and smashed into kindling wood and two gondola cars were telescoped. The wreck train from Wellsville had the debris and broken cars pretty well cleared away this afternoon. The main track was cleared at 11 o'clock. The wreck will cost the company several thousand dollars, besides the locomotive, which will probably go to the scrap heap.

### LOCAL OPTION AGAIN

East Palestine to Vote on the Question Once More Next Month.

East Palestine, April 17. — The village council has set May 10 as the date for holding a special election for the purpose of determining whether the village may have local option or not. The liquor element of the village has for some time been making an effort to secure the opening of the town to the saloons, and had met the preliminary requirements of the Beal law and presented the petition to the council.

### BUILT IN 1803

Historical Record Unearthed in a Building Stone at Lisbon.

Lisbon, April 17. — (Special) — While excavating for a new building in the Commercial block yesterday workmen unearthed a stone with the following inscription:

"G. E. Crowel, mason, built this house for Michael Wert and his wife Madelena, A. D. 1808."

As the town was laid but five years earlier than the date of this inscription it makes the foundation of the building destroyed by fire a year ago a very old piece of masonry, one of the oldest in town.

### Demurrer Sustained.

Lisbon, April 17. — (Special) — In the suit of Well & Weil against the Union Pottery company, of East Liverpool, for legal services, a demurrer has been sustained.

### Married at Alliance.

Lisbon, April 17. — (Special) — It is announced today that William Feasline and Mrs. Annie Curry, both of Lisbon, were married at Alliance last Saturday.

Arrested in This City, a Young Woman Was Taken to Irondale.

### SHE ENTERED A DENIAL

But Finally Confessed Her Crime In a Justice's Court.

### AGREED TO MAKE SETTLEMENT

By Returning Goods And Compromising Remainder of the Claim Against Her for Cash—She Was Employed in This City.

Mary Ellen Plunkett, a domestic employed in a well known family of this city, was arrested by Constable Mackall, of Irondale, and taken to that town yesterday to answer to a charge of larceny.

The young woman was accused of stealing \$35 from George Duck, of Irondale, early this week and the case has been developing since last Monday. When arrested Miss Plunkett strenuously denied that she knew anything about the matter.

Constable Mackall with his prisoner arrived in Irondale on the afternoon train and she was at once conducted to the office of Justice Paisley. Here the Plunkett woman broke down and confessed to having taken \$30, but knew nothing of the other \$5. She had no money at the time and told the justice she had spent it.

Upon investigating it was found that Miss Plunkett had invested most of the money in finery.

Arrangements were made to return the goods and obtain what money was possible. The girl agreed to pay the remainder, and the case was compromised.

### CODE BILL DEAD

Loaded Down With Innumerable Amendments And Buried.

#### Many Bills Passed.

Columbus, April 17. — (Special) — The municipal code bill providing for a uniform form of government for all municipalities in Ohio is dead. Burdened with countless amendments, which divested it of all resemblance of its original shape, it was consigned to the grave by the house yesterday. The bill was referred to a select committee of one, Mr. Comings, the author of the bill, being such committee, with leave to report at leave. The means that the bill will not be heard of again this session.

The legislative grind assumed large proportions yesterday. The house passed many important bills. One of these was the Comings bill extending the life of the canal commission two years. Another bill passed was the Cain measure to establish a state board of embalming and to prevent the spread of contagious diseases. The Guerin eight-hour bill was defeated in the house after a hard fight.

The Cole bill to reduce the state levy from 2.39 mills to 1.35 mills passed the house. The state resolution to amend the constitution by adding the initiative and referendum and the Tenney resolution providing for the sine die adjourning of the legislature on April 28 were introduced.

### CAPTURED IN IOWA

Hudson Express Agent Who Skipped With \$4,000 Has Been Caught.

Frank E. Fuller, the young express agent of Hudson, who skipped out about two months ago with a bundle of bills amounting to about \$4,000 that were being shipped to the treasury department in Washington, has been captured.

Fuller was captured at Red Oak, Ia., where he had been traced by detectives who had been after him ever since it was learned that he had taken the money. Fuller was living in Red Oak under an assumed name, calling himself F. L. Foster. Fuller confessed to the theft and offered to return to Ohio without requisition papers.

### Accidentally Left Out.

In giving the program of Prof. Hatch's piano recital yesterday, the name of Miss Clara Pusey, who played a piano solo, a serenade from Bos-covitz, was accidentally omitted.

## EAST END PASTOR CALLED

REV. M. A. ATEN, OF DUBOIS, PA.,  
INVITED TO COME.

Second U. P. Church Unanimous in  
Its Choice of a  
Minister.

A meeting of the congregation of the Second U. P. church was held last evening for the purpose of deciding upon a pastor for the congregation and issuing a call. The meeting was presided over by Rev. Dr. J. C. Taggart, who moderated the call. After a number of applicants had been considered a unanimous call was extended to Rev. M. A. Aten, of DuBois, Pa.

There were 91 members present at the meeting and today officials of the church called upon members who were absent, to secure their signature to the call, which must be made by every member of the church. It is thought the call will be accepted by Rev. Mr. Aten, and that he will be able to remove his family to the East End within the next month, or as soon as he can be released from the presidency of which he is now a member. He will not be installed as pastor of the Second church until the next meeting of Steubenville presbytery, which will be held at the East End church in June.

The salary attached to the DuBois charge is but \$1,000 a year, while the East End church has been paying \$1,200 a year.

## LUMBER BUSINESS BRISK

One Firm Has Ordered 300,000 Feet  
Immediately And Has 22  
Houses to Build.

An East End lumber firm within the past week has placed orders calling for immediate delivery for over 300,000 feet of lumber, including all grades. This is the largest amount of lumber that has ever been ordered by a firm in this part of the city at one time.

It is expected the first consignment will be received not later than next Monday. The same firm has at present under contract the erection of 22 houses and five of these were started this week.

### Presiding Elder's Visit.

Dr. C. E. Manchester, presiding elder of the Steubenville district conference, of Steubenville, was in the East End today, visiting Rev. Geo. W. Orcutt. His visit was for the purpose of arranging a program for the next district conference, which will be held in the Erie street M. E. church.

The East Liverpool Railway company is improving the road bed of its road from Ralston Crossing to Mulberry street on Ohio avenue.

Mrs. John Arnold, of Helena, while placing a chimney on a lamp at her home Tuesday evening, broke the glass, severely cutting her hand.

G. F. Carey, who is ill at the home of Wylie, Burchett, of St. George street, is threatened with fever. He came to the East End last week on a boat from the south, and on that boat he became ill.

## CROWDS WERE THERE

Opening Reception of Larkins & Ferguson Was a Grand Success.

The opening of the new grocery house of Larkins & Ferguson in their own building, First avenue, East End, last night, was one of the most enjoyable events in which people of that part of town have ever participated in.

Several thousand persons attended the opening, which was novel and interesting. The perfectly stocked establishment was decorated in an artistic and attractive manner. When all had been served with refreshments, the numerous crowd was escorted to the commodious hall in the same building, where those who desired spent several hours in dancing. The affair had been elaborately planned and not a single incident occurred to mar the complete enjoyment of the occasion.

Between 5 and 7 o'clock the banquet was served and was one of the swiftest affairs ever given in the East End. In looking after the wants of the visitors who so kindly assisted the young firm in the opening, Messrs. Larkins and Ferguson were assisted by Mrs. Frank Larkins, Mrs. Taylor Larkins, Misses Nellie and Sadie Willison, Miss Jennie McCann and Miss Rena Bricelin. After the store doors were closed a dance was given in the large hall on the second floor, the Peerless Mandolin club furnishing the music. During the day over 8,000 souvenirs were given away, to say nothing of the numerous boxes of cigars and candy kisses furnished by the D. O. Clark Co., of McKeesport, Pa. A barrel of these had been disposed of.

The following firms had representatives at the store, many of whom had large displays: Otis, Shepard & Co., Pittsburgh; John Welsh; Cruikshank Pickle Co., Pittsburgh; S. L. McEwen; Persley Paper Co., C. L. Richards; D. L. Clark & Co., James W. Resley; S. C. Smith & Co., Cleveland; S. L. Drake; W. R. Davidson & Son, Steubenville; W. F. Davidson; Armour Co., Major Newman; Thomas Bakery Co., East Liverpool; James Hargraves, East Liverpool, floral display.

The success of these hustling young business men is assured, as they have determined to conduct a first-class establishment, stocked with such an array of groceries that the public will be able at all times to secure anything and everything the market affords.

## CROWDS WERE THERE

Opening Reception of Larkins & Ferguson Was a Grand Success.

The opening of the new grocery house of Larkins & Ferguson in their own building, First avenue, East End, last night, was one of the most enjoyable events in which people of that part of town have ever participated in.

Several thousand persons attended the opening, which was novel and interesting. The perfectly stocked establishment was decorated in an artistic and attractive manner. When all had been served with refreshments, the numerous crowd was escorted to the commodious hall in the same building, where those who desired spent several hours in dancing. The affair had been elaborately planned and not a single incident occurred to mar the complete enjoyment of the occasion.

Between 5 and 7 o'clock the banquet was served and was one of the swiftest affairs ever given in the East End. In looking after the wants of the visitors who so kindly assisted the young firm in the opening, Messrs. Larkins and Ferguson were assisted by Mrs. Frank Larkins, Mrs. Taylor Larkins, Misses Nellie and Sadie Willison, Miss Jennie McCann and Miss Rena Bricellin. After the store doors were closed a dance was given in the large hall on the second floor, the Peerless Mandolin club furnishing the music. During the day over 8,000 souvenirs were given away, to say nothing of the numerous boxes of cigars and candy kisses furnished by the D. O. Clark Co., of McKeesport, Pa. A barrel of these had been disposed of.

The following firms had representatives at the store, many of whom had large displays: Otis, Shepard & Co., Pittsburgh; John Welsh; Cruikshank Pickle Co., Pittsburgh; S. L. McEwen; Persley Paper Co., C. L. Richards; D. L. Clark & Co., James W. Resley; S. C. Smith & Co., Cleveland; S. L. Drake; W. R. Davidson & Son, Steubenville; W. F. Davidson; Armour Co., Major Newman; Thomas Bakery Co., East Liverpool; James Hargraves, East Liverpool, floral display.

The success of these hustling young business men is assured, as they have determined to conduct a first-class establishment, stocked with such an array of groceries that the public will be able at all times to secure anything and everything the market affords.

At Hamilton, O., William Hart, 25 years old, and John Sander, 55 years old, were buried by the caving in of a sewer trench. Hart was killed and Sander is dying.

R. H. Smith, of Pittsburgh, is conducting negotiations for the purchase of a controlling interest in the Erie Pa., Dime Savings and Trust company, whose capital, if the deal goes through, is to be raised to \$1,000,000. Munford Craft, aged 19, was arrested at Wise, W. Va., after which he confessed that he and a companion whom he refused to name, killed a mail carrier in Magoffin county, Ky., in January, and rifled his mail sacks of \$300.

Because H. W. Beale, of the Beale Coal company, of Leechburg, refused to pay Charles Pierce his wages in the street, Pierce, who is a negro, followed Beale, making threats. He was joined by Edward Grim and the two entered a store, where Beale, fearing trouble, had stopped to leave the \$1,500 he was taking to the mines to pay the workmen. Beale then turned on Pierce, thrashing him soundly, and had him and Grim arrested on charges of attempted highway robbery.

## AFTER PAPAL CROWN.

Recent Signs of Pope's Increased Feebleness Causes Activity Among Cardinals.

### FALCONI TO THE UNITED STATES.

Present Papal Delegate to Canada Selected to Succeed Martinelli, at Washington—Not to Be Announced Until October.

Rome, April 17.—The recent signs of the increased feebleness of the pope which led, at the end of last week, to alarming reports of his sudden death, have caused a marked recrudescence of activity among the cardinals aspiring to the pontificate. The campaigning preparatory to the next conclave proceeds incessantly, the sacred college being divided into two distinct forces, headed respectively by Cardinal Rampolla, the papal secretary of state, and Cardinal Vanutelli. The latter and Cardinal Gotti now constitute the most probable successors to Leo XIII.

Those who are not now considered to be dangerous candidates are found, however, of pointing out that almost 125 cardinals have been buried during the pontificate of Leo XIII and that the prolongation of the life of his holiness for a few years is liable to cool, through death, many more ambitious calculations.

Archbishop Falconi, the papal delegate in Canada, has been definitely selected to succeed Cardinal Martinelli, the papal delegate to the United States. This appointment will not be officially announced, however, until the meeting of the consistory next October.

Traffic in tickets to the ceremonies at St. Peter's and the Sistine chapel, held in honor of the twenty-fourth anniversary of the pope's coronation, has assumed such proportions that it has developed into a veritable scandal. Americans and English people are the principal victims of this traffic by speculators, who are in league with hotel employees. From 50,000 to 60,000 are often issued for the ceremonies at St. Peter's.

Mgr. Bisleti is indignant at this scandal and has spread broadcast notice that all tickets to pontifical ceremonies are absolutely gratuitous and that every one trying to sell such tickets must be regarded as a dishonest person.

### RE-ENACTS THE CHINESE LAW.

Bill Passed Senate—Extends Provisions to Insular Possessions—Pacific Coast Measure Beaten.

Washington, April 17.—The drastic Chinese exclusion bill originally framed by the senators and representatives from the Pacific coast states met defeat in the senate yesterday and in its place was substituted a measure offered by Mr. Platt, of Connecticut, extending the provisions of the present exclusion law and also applying that exclusion to all insular territory under the jurisdiction of the United States.

The vote by which the substitute took the place of the original bill was yeas, 48, to nays, 33. Once the substitution had been made, all senators joined in its support, with the single exception of Mr. Hoar, the substitute being passed, 76 to 1. The friends of the substitute showed their strength throughout the voting on amendments that preceded the final action and succeeded in preventing any material change in its features. Some minor changes were made, admitting Chinese persons connected with national expositions, and providing for certificates of identification of Chinese in our insular possessions. Otherwise, however, the substitute was adopted substantially in the form that Mr. Platt presented it.

The senate, after disposing of the Chinese exclusion bill, made the Philippine civil government bill the unfinished business.

The senate failed to substitute the enacting clause of the house bill for the senate measure, so that the bill now will go to the house as an original measure and from a parliamentary standpoint will have to be acted on and treated the same as though the house had not passed a Chinese exclusion bill already.

### TAFT TO STOP IN ROME.

Will Negotiate For Settlement of Philippine Friars' Land Question—Ireland's Idea.

Washington, April 17.—Archbishop Ireland, of St. Paul, had a conference with Secretary Root yesterday, following a talk he has had with the president respecting the Philippine friars' lands question. It was the idea of Archbishop Ireland and Bishop O'Gorman to have this complex question settled directly at Rome, instead of through the archbishop of Manila, who, they pointed out, would have been obliged to delay proceedings greatly by frequent reference of every important phase of the negotiations to his superiors in the Vatican.

The government here has come to accept the Ireland and O'Gorman view as the most business-like proposition and that is why Governor Taft will stop at Rome on his way back to Manila and endeavor to arrange directly the basis for an agreement for the transfer of the lands to the Philippine government in trust for the Philippine people.

Monsignor Sharetti favored a settlement of the question at Manila, in which case he would have been appointed archbishop and would have undertaken the work himself in behalf of the religious orders. The decision in favor of Rome will involve a change in his plans.

### FRIENDS OF RECIPROCITY WON.

Carried Motion to Close General Debate on Friday—Vote 153 to 123.

Washington, April 17.—The friends of the Cuban reciprocity bill won a substantial victory in the house yesterday by carrying a motion to close general debate on Friday at 3 o'clock. The vote was 153 to 123. Thirty-three Republicans voted against the motion, but this defection was offset by 32 Democrats, who voted with the great body of the Republicans for it. The strength of the Republican opposition to the bill, judged by this vote, has decreased six since the vote was taken on the motion to go into committee of the whole to consider the bill, when the vote stood 167 to 80.

The debate yesterday was featureless. The speakers were Messrs. Roberts, of Massachusetts; Patterson, of Tennessee; and Cochran, of Missouri, for the bill, and Messrs. Bartlett, of Georgia; Corliss, of Michigan; Broussard, of Louisiana; Bell, of Colorado, and H. C. Smith, of Michigan, against it.

# GAS

**STOCK AGAIN GOES HIGHER.**  
GAS APPARATUS CONSTRUCTION CO. STOCK HAS ADVANCED TO \$40 PER SHARE. Of the numerous speculative investments open to the public the new issue of stock by the Gas Apparatus Construction Company is one of the most promising, and applications for this stock have been so numerous that the value of the stock has increased rapidly, and ONLY A LIMITED NUMBER OF SHARES WILL BE SOLD AT \$40 EACH, after which the price will go higher and higher until the stock bought today at this low figure may be worth at least \$1,000. The reason for this marvelous enhancement is simple enough, it doesn't require an argument to prove the value of a process by which a good fuel gas can be manufactured for less than five cents per thousand cubic feet. THIS IS NOT AN EXPERIMENT, THE PROCESS HAS ALREADY BEEN THOROUGHLY DEMONSTRATED.

The company's plant at Chester is now ready for operation, and the material to be used in the manufacture of the gas has been ordered and shipped.

Any one interested in this stock desiring full details as to the process and the workings of the plant can have same thoroughly explained to them by calling on Mr. H. H. C. Hamerton at the company's office, corner Fifth and Market streets, who will take pleasure in showing them over the plant and explaining the details.

### RE-ENACTS THE CHINESE LAW.

Bill Passed Senate—Extends Provisions to Insular Possessions—Pacific Coast Measure Beaten.

Washington, April 17.—The drastic Chinese exclusion bill originally framed by the senators and representatives from the Pacific coast states met defeat in the senate yesterday and in its place was substituted a measure offered by Mr. Platt, of Connecticut, extending the provisions of the present exclusion law and also applying that exclusion to all insular territory under the jurisdiction of the United States.

The vote by which the substitute took the place of the original bill was yeas, 48, to nays, 33. Once the substitution had been made, all senators joined in its support, with the single exception of Mr. Hoar, the substitute being passed, 76 to 1. The friends of the substitute showed their strength throughout the voting on amendments that preceded the final action and succeeded in preventing any material change in its features. Some minor changes were made, admitting Chinese persons connected with national expositions, and providing for certificates of identification of Chinese in our insular possessions. Otherwise, however, the substitute was adopted substantially in the form that Mr. Platt presented it.

The senate, after disposing of the Chinese exclusion bill, made the Philippine civil government bill the unfinished business.

The senate failed to substitute the enacting clause of the house bill for the senate measure, so that the bill now will go to the house as an original measure and from a parliamentary standpoint will have to be acted on and treated the same as though the house had not passed a Chinese exclusion bill already.

### TACT TO STOP IN ROME.

Will Negotiate For Settlement of Philippine Friars' Land Question—Ireland's Idea.

Washington, April 17.—Archbishop Ireland, of St. Paul, had a conference with Secretary Root yesterday, following a talk he has had with the president respecting the Philippine friars' lands question. It was the idea of Archbishop Ireland and Bishop O'Gorman to have this complex question settled directly at Rome, instead of through the archbishop of Manila, who, they pointed out, would have been obliged to delay proceedings greatly by frequent reference of every important phase of the negotiations to his superiors in the Vatican.

The government here has come to accept the Ireland and O'Gorman view as the most business-like proposition and that is why Governor Taft will stop at Rome on his way back to Manila and endeavor to arrange directly the basis for an agreement for the transfer of the lands to the Philippine government in trust for the Philippine people.

Monsignor Sharetti favored a settlement of the question at Manila, in which case he would have been appointed archbishop and would have undertaken the work himself in behalf of the religious orders. The decision in favor of Rome will involve a change in his plans.

### FRIENDS OF RECIPROCITY WON.

Carried Motion to Close General Debate on Friday—Vote 153 to 123.

Washington, April 17.—The friends of the Cuban reciprocity bill won a substantial victory in the house yesterday by carrying a motion to close general debate on Friday at 3 o'clock. The vote was 153 to 123. Thirty-three Republicans voted against the motion, but this defection was offset by 32 Democrats, who voted with the great body of the Republicans for it. The strength of the Republican opposition to the bill, judged by this vote, has decreased six since the vote was taken on the motion to go into committee of the whole to consider the bill, when the vote stood 167 to 80. The debate yesterday was featureless. The speakers were Messrs. Roberts, of Massachusetts; Patterson, of Tennessee, and Cochran, of Missouri, for the bill, and Messrs. Bartlett, of Georgia; Corliss, of Michigan; Broussard, of Louisiana; Bell, of Colorado, and H. C. Smith, of Michigan, against it.

## GAS

**STOCK AGAIN GOES HIGHER.**  
GAS APPARATUS CONSTRUCTION CO. STOCK HAS ADVANCED TO \$40 PER SHARE. Of the numerous speculative investments open to the public the new issue of stock by the Gas Apparatus Construction Company is one of the most promising, and applications for this stock have been so numerous that the value of the stock has increased rapidly, and ONLY A LIMITED NUMBER OF SHARES WILL BE SOLD AT \$40 EACH, after which the price will go higher and higher until the stock bought today at this low figure may be worth at least \$1,000. The reason for this marvelous enhancement is simple enough, it doesn't require an argument to prove the value of a process by which a good fuel gas can be manufactured for less than five cents per thousand cubic feet. THIS IS NOT AN EXPERIMENT. THE PROCESS HAS ALREADY BEEN THOROUGHLY DEMONSTRATED.

The company's plant at Chester is now ready for operation, and the material to be used in the manufacture of the gas has been ordered and shipped.

Any one interested in this stock desiring full details as to the process and the workings of the plant can have same thoroughly explained to them by calling on Mr. H. H. C. Hamerton at the company's office, corner Fifth and Market streets, who will take pleasure in showing them over the plant and explaining the details.

By order of Congressional Committee.

J. P. FAWCETT,  
 C. B. WICK,  
 E. A. KING, Committee.

N. E. Young, secretary of the Na-  
 tional Base Ball league, has issued in-  
 structions to umpires of that organi-  
 zation which deserve to be copied and  
 heeded by base ball umpires every-  
 where. He tells the umpire he is ab-  
 solutely master of the field and re-  
 sponsible for presenting the game in a  
 sportsmanlike manner and eliminating  
 all ungentlemanly conduct on the part  
 of the players. He is urged to be  
 strict and prompt and to enforce the  
 full penalty for rule-breaking. Inde-  
 cent and profane language have be-  
 come such a feature of the base ball  
 field that many admirers of the game  
 have become disgusted and no longer  
 patronize it. If umpires can be found  
 who will meet and live up to the re-  
 quirements set forth by Mr. Young,  
 the sport will be given vastly more  
 encouragement everywhere.

State Treasurer I. B. Cameron and  
 the state of Ohio are both to be con-  
 gratulated on the outcome of the in-  
 vestigation of the methods in force  
 in the state treasury department. A  
 committee composed of Democrats  
 and Republicans made a searching in-  
 quiry, going over the records of the  
 office for the past ten years, and found  
 nothing to condemn and much to  
 commend. The report of the com-  
 mittee, which was adopted by the leg-  
 islature with practical unanimity,  
 spoke in the highest terms of the  
 efficient business methods employed  
 by Mr. Cameron in the conduct of his  
 office. Thus a Democratic effort to  
 find a campaign issue by a baseless  
 attack upon one of the state's most  
 able and faithful servants comes to  
 naught.

If the legal gentlemen who have  
 spent much time and labor building  
 a new county out of the southern half  
 of Columbiana had taken the trouble  
 first to examine the Ohio state consti-  
 tution they would have discovered an  
 insurmountable obstacle and spared  
 themselves work and worry. The  
 News Review gave the item for what  
 it was worth, and it made interesting  
 reading. But, supposing that the fa-  
 thers of the measure, who are lawyers,  
 had made due investigation of the  
 law on the subject, it did not take  
 the trouble to make a search of the  
 fundamental law. The joke is on the  
 legal gentlemen.

Carnegie library, now completed, is  
 an architectural ornament to the city.  
 It is a useful and noble institution as  
 well. We trust that the program to  
 be arranged for the dedicatory exer-  
 cises will be of a character befitting  
 the occasion. Special effort should be  
 put forth in this direction. The open-

ing of the library will mark another  
 step in the intellectual advancement  
 of the city.

Uncle Sam's trade with Cuba is  
 steadily growing. There are fields to  
 the south where progress is slower  
 and less satisfactory, but Americans  
 as well as South Americans are fast  
 awakening to the advantages of ex-  
 tending trade relations there.

Miss Ellen M. Stone was little more  
 than out of the hands of the bandits  
 until she fell into those of the law-  
 yers. She is getting as much grati-  
 tuous advertising for her lecture as  
 Madame Bernhardt ever got on a fare-  
 well tour in America.

The Democratic party can't pose as  
 the champion of the Boers, after all.  
 It has been discovered that all the

 other munitions of war to the British  
 are located in Democratic states.

 about 75 years. Mrs. Hayes has been  
 a resident of Hancock county almost  
 all her life. She is survived by two  
 daughters and one son, Mrs. Wells,  
 of this city; Mrs. William Huff, of  
 Grant district, and James Hayes, re-  
 siding on the Stevenson farm near  
 Chester.

The funeral will be held from the  
 late home tomorrow morning.

Mrs. Rebecca Finley.

Miss Rebecca Finley, aged 75, died  
 at the residence of Mrs. John Finley,  
 of Chester, last evening after a linger-  
 ing illness. The funeral services will  
 be held at the late residence tomor-  
 row morning at 10 o'clock. Rev.  
 Bruce Gillis and Dr. J. C. Taggart  
 officiated. Interment will be made at  
 Riverview.

## POTTERY NEWS

The exclusive announcement of the  
 partial destruction of the Akron pot-  
 tery by fire in this paper last evening  
 caused no end of comment in pottery  
 circles in this city last evening. It  
 was one of the worst fires that had  
 occurred at Akron for months, says  
 a paper published in that city. The  
 fire started in the kilnshed and soon  
 spread to the decorating ware room,  
 which was totally destroyed. Ware in  
 this room to the value of \$15,000 was  
 damaged. The bisque ware room was  
 damaged slightly. There was a mis-  
 take made in the turning in of the  
 alarm to the fire departments, and it  
 was generally supposed that the fire  
 was at the Summit China company,  
 and three fire departments started for  
 that plant. The fire blazed for sev-  
 eral hours before it was extinguished.  
 The entire factory is now closed, but  
 the clay shops and the kilnmen will  
 resume work in a few days. The office  
 of the company was also destroyed,  
 and a number of valuable papers were  
 also lost in the flames. T. W. Cook,  
 secretary of the company, has stated  
 that the plant will be rebuilt as soon  
 as the loss is adjusted, which is ex-  
 pected to be not later than the last  
 of the week. About 200 persons are  
 thrown idle for the present, but as  
 soon as possible departments will be  
 put on. It is said the plant will be  
 in full operation within six or eight  
 weeks. Another member of the com-  
 pany stated the fire would cause them  
 considerable inconvenience, as there  
 were a large number of orders on the  
 books, many of which were for im-  
 mediate delivery. A temporary office  
 has been established in another part  
 of the city for the present.

It is surprising how fast the photo-  
 graphers of this city are advancing  
 in the photographing of ware, from  
 which the salesmen's display books  
 are made. Only a few years ago there  
 were comparatively few photograph-  
 ers in this city doing work of this  
 kind, while in the past few years sev-  
 eral other photographers are entering  
 the field, heretofore controlled by a  
 few. Photography in this particular  
 line has also advanced rapidly in the  
 past few years, and to compare photo-  
 graphs taken years ago with those of  
 the present, there is a vast difference  
 in the character of the work. Some  
 of the local photographers have from  
 two to six assistants employed in  
 "touching up" photographs of pottery  
 pictures, and that they do their work  
 well is evidenced by the character of  
 their work, which is the best to be  
 found in any city.

The wreck which occurred on the  
 Horn switch yesterday morning pro-  
 ved to be inconvenient to the Standard  
 Pottery company. The company had  
 prepared to pack a car for Pueblo,  
 Col., and the empty car which was  
 wrecked was for that plant. As the  
 Pennsylvania company does not oper-  
 ate cars to the far west the packers  
 and warehousemen were compelled to  
 lay off yesterday afternoon until this  
 morning, when the company com-  
 menced to pack packages. Another  
 car will be secured for the Standard  
 as soon as possible.

Secretary T. J. Duffy, of the Nation-  
 al Brotherhood, is now preparing a  
 complete list of the delegates from all  
 the locals in the Brotherhood which  
 will attend the annual convention  
 to be held in May. While the list  
 may in a measure be changed and  
 names of alternates inserted, the list  
 of delegates as elected will likely an-  
 swer to their names when the roll is  
 called.

After many weeks of waiting work  
 has been commenced at the Laughlin  
 No. 3 making clay, but still this is  
 not saying what time the plant will  
 be started. It is likely clay now being  
 made will be used for test purposes  
 at the start, while within a few days  
 the clay that will be made will be  
 placed in the clay cellar and stored  
 until the clay shops are ready to start.

Though it is rather early to begin a  
 political boom for any candidate as-  
 piring to an office two years hence,  
 the friends of Thomas Pickal, kiln-  
 hand at Cartwright's, have begun to  
 agitate his candidacy. Mr. Pickal will  
 make the race for the Republican  
 nomination as mayor.

A Hebrew buyer from New York  
 was in the city Tuesday afternoon  
 and called at but one factory. He  
 was looking for bargains. He found  
 a lot and practically closed a contract  
 to take all the old stock on hand,  
 amounting to several thousand dol-  
 lars.

Owing to a shortage of boards the  
 jiggermen at the Diamond were un-  
 able to work yesterday. It was the  
 first day they have lost this week.

## JOY IN HER HOME

Aged Colored Woman to Get a Neat  
 Sum of Pension  
 Money.

There is joy at the home of Molly  
 Brown, one of the oldest colored res-  
 idents in this section. Word has been  
 received from Washington that an  
 \$8 pension has been granted.

For two years, or ever since the  
 death of Abe Brown, Justice McLane  
 has been endeavoring to secure a pen-  
 sion for his widow. Many obstacles  
 were encountered. The main reason  
 for the failure to secure the pension  
 was the fact that Brown enlisted un-  
 der the name of Cooper. Several other  
 small matters complicated the case.

When hope of obtaining the pen-  
 sion had been almost abandoned the  
 word was received. The payment will  
 date from July 15, 1899, and the back  
 pay will amount to over \$200.

Pleasant For Ma.

Sister—Do you know where little  
 boys who are wicked go?  
 Small Brother—Yes, but I don't care,  
 for mother'll go with me.

## Ostrich Plumes.

All the black and white plumes come  
 from the male ostrich, the gray from  
 the female. The feathers are not pluck-  
 ed out, as you might imagine, but are  
 clipped off with a sharp knife, leaving  
 the end of the quill in the flesh, where  
 it remains for two or three months, un-  
 til it "dies," when it is pulled out with  
 forceps.

## His Lucrative Business.

"Wanted—For a lucrative business, a  
 partner who must be a practical lock-  
 smith." This advertisement appeared  
 in a Budapest paper recently. The ad-  
 vertiser is now in jail, the police hav-  
 ing discovered that the lucrative busi-  
 ness referred to was burglary.

## Sixty-three Years a Minister.

The Rev. Dr. John Duncan of Abdie,  
 Fifeshire, Scotland, who died recently,  
 had served sixty-three years in the  
 ministry. Speaking of him, the Glas-  
 gow correspondent of the Montreal  
 Star writes: "Dr. Duncan was the fa-  
 ther of the auld kirk—that is, the man  
 who had been a minister for the lan-  
 guage time. It is only a fortnight sin'  
 he was preachin' in Creich, an' no lang  
 syne he was helpin' at a curlin' match.  
 He was in Abdie a' his life after his  
 ordination an' was a favourite wi' a'  
 body in the parish."

## Crime as a Disease.

Jailer John L. Whitman of Chicago  
 said the other day in a lecture before a  
 woman's club on "The Cook County  
 Jail as a Moral Hospital," that, in his  
 opinion, if the family history of a bank  
 defaulter were examined it is probable  
 that some one of his ancestors would  
 be found to have been a short weight  
 grocer or a petty criminal against so-  
 ciety. "Crime," he added, "is a disease,  
 and its only cure is kind treatment, not  
 punishment, which has the appearance  
 of revenge."

## NOTICE TO REPUBLICANS

Notice is hereby given to the Republican  
electors of the Eighteenth Congressional  
District of Ohio that a delegate convention  
to place in nomination a candidate for Rep-  
resentative in Congress will be held at

Alliance, May 6, 1902.

at 10 o'clock a. m. delegates will be elected  
in the several counties composing said dis-  
trict on the basis of the Republican vote  
cast for President in 1900, viz: 1 delegate  
for each 100 votes and fraction thereof in  
excess of 50. This apportionment is as  
follows.

Columbiana.....103 delegates.  
Mahoning.....80

By order of Congressional Committee.

J. P. FAWCETT,  
C. B. WICK,  
ED. A. KING, Committee.

N. E. Young, secretary of the Na-  
tional Base Ball league, has issued in-  
structions to umpires of that organi-  
zation which deserve to be copied and  
heeded by base ball umpires every-  
where. He tells the umpire he is ab-  
solutely master of the field and re-  
sponsible for presenting the game in a  
sportsmanlike manner and eliminating  
all ungentlemanly conduct on the part  
of the players. He is urged to be  
strict and prompt and to enforce the  
full penalty for rule-breaking. Inde-  
cent and profane language have be-  
come such a feature of the base ball  
field that many admirers of the game  
have become disgusted and no longer  
patronize it. If umpires can be found  
who will meet and live up to the re-  
quirements set forth by Mr. Young,  
the sport will be given vastly more  
encouragement everywhere.

State Treasurer I. B. Cameron and  
the state of Ohio are both to be con-  
gratulated on the outcome of the in-  
vestigation of the methods in force  
in the state treasury department. A  
committee composed of Democrats  
and Republicans made a searching in-  
quiry, going over the records of the  
office for the past ten years, and found  
nothing to condemn and much to  
commend. The report of the com-  
mittee, which was adopted by the leg-  
islature with practical unanimity,  
spoke in the highest terms of the  
efficient business methods employed  
by Mr. Cameron in the conduct of his  
office. Thus a Democratic effort to  
find a campaign issue by a baseless  
attack upon one of the state's most  
able and faithful servants comes to  
naught.

If the legal gentlemen who have  
spent much time and labor building  
a new county out of the southern half  
of Columbiana had taken the trouble  
first to examine the Ohio state con-  
stitution they would have discovered an  
insurmountable obstacle and spared  
themselves work and worry. The  
News Review gave the item for what  
it was worth, and it made interesting  
reading. But, supposing that the fa-  
thers of the measure, who are lawyers,  
had made due investigation of the  
law on the subject, it did not take  
the trouble to make a search of the  
fundamental law. The joke is on the  
legal gentlemen.

Carnegie library, now completed, is  
an architectural ornament to the city.  
It is a useful and noble institution as  
well. We trust that the program to  
be arranged for the dedicatory exer-  
cises will be of a character befitting  
the occasion. Special effort should be  
put forth in this direction. The open-

ing of the library will mark another  
step in the intellectual advancement  
of the city.

Uncle Sam's trade with Cuba is  
steadily growing. There are fields to  
the south where progress is slower  
and less satisfactory, but Americans  
as well as South Americans are fast  
awakening to the advantages of ex-  
tending trade relations there.

Miss Ellen M. Stone was little more  
than out of the hands of the bandits  
until she fell into those of the law-  
yers. She is getting as much grati-  
tuous advertising for her lecture as  
Madame Bernhardt ever got on a fare-  
well tour in America.

The Democratic party can't pose as  
the champion of the Boers, after all.  
It has been discovered that all the  
depots for the shipments of mules and  
other munitions of war to the British  
are located in Democratic states.

The Belgian troubles have reached  
the dynamite stage. Liberties are not  
gained nor wrongs righted by the em-  
ployment of cowards' and anarchists'  
methods.

Senate debates prove that there is  
no disposition to let down the bars  
to Chinese cheap labor, but rather to  
put them up and strengthen them.

Pitchfork Tillman is lending im-  
petus to David B. Hill's presidential  
boom by opposing it.

## OBITUARY

Mrs. Eliza Jane Hayes.  
Mrs. Eliza Jane Hayes died at her  
home near Hookstown last night, aged  
about 75 years. Mrs. Hayes has been  
a resident of Hancock county almost  
all her life. She is survived by two  
daughters and one son, Mrs. Wells,  
of this city; Mrs. William Huff, of  
Grant district, and James Hayes, re-  
siding on the Stevenson farm near  
Chester.

The funeral will be held from the  
late home tomorrow morning.

Mrs. Rebecca Finley.  
Miss Rebecca Finley, aged 75, died  
at the residence of Mrs. John Finley,  
of Chester, last evening after a linger-  
ing illness. The funeral services will  
be held at the late residence tomor-  
row morning at 10 o'clock. Rev.  
Bruce Gillis and Dr. J. C. Taggart  
officiated. Interment will be made at  
Riverview.

morrow afternoon from 2:30 to 5  
o'clock at the home of Mrs. Will B.  
Reed, of Seventh street. There will  
also be an open business meeting dur-  
ing the afternoon. The society has  
extended an invitation to all friends  
and strangers in the church, as well  
as members of the Foreign Missionary  
society.

Miss Wallace, the new deaconess,  
will be present and speak upon sub-  
jects of interest to missionary work-  
ers.

An interesting program has also  
been arranged. Refreshments will be  
served.

## POTTERY NEWS

The exclusive announcement of the  
partial destruction of the Akron pot-  
tery by fire in this paper last evening  
caused no end of comment in pottery  
circles in this city last evening. It  
was one of the worst fires that had  
occurred at Akron for months, says  
a paper published in that city. The  
fire started in the kilnshed and soon  
spread to the decorating ware room,  
which was totally destroyed. Ware in  
this room to the value of \$15,000 was  
damaged. The bisque ware room was  
damaged slightly. There was a mis-  
take made in the turning in of the  
alarm to the fire departments, and it  
was generally supposed that the fire  
was at the Summit China company,  
and three fire departments started for  
that plant. The fire blazed for sev-  
eral hours before it was extinguished.  
The entire factory is now closed, but  
the clay shops and the kilnmen will  
resume work in a few days. The office  
of the company was also destroyed,  
and a number of valuable papers were  
also lost in the flames. T. W. Cook,  
secretary of the company, has stated  
that the plant will be rebuilt as soon  
as the loss is adjusted, which is ex-  
pected to be not later than the last  
of the week. About 200 persons are  
thrown idle for the present, but as  
soon as possible departments will be  
put on. It is said the plant will be  
in full operation within six or eight  
weeks. Another member of the com-  
pany stated the fire would cause them  
considerable inconvenience, as there  
were a large number of orders on the  
books, many of which were for im-  
mediate delivery. A temporary office  
has been established in another part  
of the city for the present.

It is surprising how fast the photo-  
graphers of this city are advancing  
in the photographing of ware, from  
which the salesmen's display books  
are made. Only a few years ago there  
were comparatively few photograph-  
ers in this city doing work of this  
kind, while in the past few years sev-  
eral other photographers are entering  
the field, heretofore controlled by a  
few. Photography in this particular  
line has also advanced rapidly in the  
past few years, and to compare photo-  
graphs taken years ago with those of  
the present, there is a vast difference  
in the character of the work. Some-  
of the local photographers have from  
two to six assistants employed in  
"touching up" photographs of pottery  
pictures, and that they do their work  
well is evidenced by the character of  
their work, which is the best to be  
found in any city.

The wreck which occurred on the  
Horn switch yesterday morning proved  
to be inconvenient to the Standard  
Pottery company. The company had  
prepared to pack a car for Pueblo,  
Col., and the empty car which was  
wrecked was for that plant. As the  
Pennsylvania company does not oper-  
ate cars to the far west the packers  
and warehousemen were compelled to  
lay off yesterday afternoon until this  
morning, when the company com-  
menced to pack packages. Another  
car will be secured for the Standard  
as soon as possible.

Secretary T. J. Duffy, of the Na-  
tional Brotherhood, is now preparing a  
complete list of the delegates from all  
the locals in the Brotherhood which  
will attend the annual convention  
to be held in May. While the list  
may in a measure be changed and  
names of alternates inserted, the list  
of delegates as elected will likely an-  
swer to their names when the roll is  
called.

After many weeks of waiting work  
has been commenced at the Laughlin  
No. 3 making clay, but still this is  
not saying what time the plant will  
be started. It is likely clay now being  
made will be used for test purposes  
at the start, while within a few days  
the clay that will be made will be  
placed in the clay cellar and stored  
until the clay shops are ready to  
start.

Though it is rather early to begin a  
political boom for any candidate as-  
piring to an office two years hence,  
the friends of Thomas Pickal, kiln-  
hand at Cartwright's, have begun to  
agitate his candidacy. Mr. Pickal will  
make the race for the Republican  
nomination as mayor.

A Hebrew buyer from New York  
was in the city Tuesday afternoon  
and called at but one factory. He  
was looking for bargains. He found  
a lot and practically closed a contract  
to take all the old stock on hand,  
amounting to several thousand dol-  
lars.

Owing to a shortage of boards the  
jiggersmen at the Diamond were un-  
able to work yesterday. It was the  
first day they have lost this week.

## JOY IN HER HOME

Aged Colored Woman to Get a Neat  
Sum of Pension  
Money.

There is joy at the home of Molly  
Brown, one of the oldest colored resi-  
dents in this section. Word has been  
received from Washington that an  
\$8 pension has been granted.

For two years, or ever since the  
death of Abe Brown, Justice McLane  
has been endeavoring to secure a pen-  
sion for his widow. Many obstacles  
were encountered. The main reason  
for the failure to secure the pension  
was the fact that Brown enlisted un-  
der the name of Cooper. Several other  
small matters complicated the case.

When hope of obtaining the pen-  
sion had been almost abandoned the  
word was received. The payment will  
date from July 15, 1899, and the back  
pay will amount to over \$200.

## WELLSVILLE

## HOUSES ARE SCARCE

Complaints of Lack of Dwelling Accommodations Numerous of Late.

Vacant houses, furnished and unfurnished suites of rooms and single rooms suitable for occupancy have not been so scarce in Wellsville for eight years as they are at the present time. New families who arrive in the city daily have been compelled to seek houses in the extreme ends of the city, being unable to obtain even a room in a private residence in the central part of the city, and even in those parts of the city are unable to secure abodes. Several reports have been circulated, stating that new dwelling houses are to be erected, but none of these intentions have as yet been carried out and new arrivals are therefore compelled to take just what they can get.

A few weeks ago as many as 150 foreign mechanics, who had been brought to the city by the Carroll-Porter boiler works, who had offered them good positions, were compelled to leave the city on account of a lack of accommodations and scarcity of houses.

It is about time that there is "something doing" in the building line, and it is hoped that some of the intended new dwellings will soon be begun.

## MOCKED ITALIANS

And Got a Severe Throwing for His Fun—Harry Swanson's Mischance.

While walking toward Wellsville yesterday on the railroad track from Yellow Creek, Harry Swanson passed by a party of Italians who were having a heated discussion over some matter. Harry was in a jovial mood at the time and started to mock the foreigners, mimicking their language. This proved a sad mistake for him, as the Italians immediately turned upon him in a body and gave him the worst thrashing he ever received.

Had it not been for a freight train which approached at the time, it is very likely that Mr. Swanson would have been laid up for repairs. As it was the foreigners ran away from him, fearing that he might receive assistance from the freight crew.

Swanson is now able to be out, but his head appears to be twice its natural size.

## COLUMBIAN CLUB DANCE

An Enjoyable Function Given at Wellsville City Hall Last Evening.

The Columbian club, an organization consisting of four of Wellsville's most popular young men, gave a dance last evening in the city hall. The boys have been holding these dances nearly every week during the past six months and have always been very successful. The function will undoubtedly be the last of the season, although a few will probably be held during the summer at Rock Springs park.

Miss May Rayl, of Front street, has furnished the piano music for the club for the entire season, and too much cannot be said of her work along this line. It is hoped that the boys will make the venture again next season, as the support of the dancing public is already assured them.

## A TELEPHONE SYSTEM

To Be Installed By the C. & P. to Reach All Engineers in the City.

A problem which has long been facing the railroad officials of the C. & P. road at the Wellsville shops is now about to be solved. For some time the company has been trying to form some plan, whereby it might be able to call out the engineers at all hours of day or night, when their services were needed. A proposition has recently been made to the company by the Bell Telephone company, whereby the latter will establish a telephone system reaching all of the different engineers throughout the city from the roundhouse without calling the central office, a switch board, easily operated, to be placed in the roundhouse building.

Propositions have been received several times heretofore from both telephone companies, which were not accepted, as the price asked was too high. A statement was recently made by an official of the company that the last proposition of the Bell company would undoubtedly be accepted.

Heretofore whenever a special freight run was ordered to start from Wellsville some employee was sent out to summon an engineer, which has always been very inconvenient.

If the Bell proposition is accepted the system will be established at once and a line run to the residing place of each engineer in the city.

## HOMES FOR ORPHANS

Rev. E. H. Caylor Canvassing to Secure Them in Wellsville.

The work of finding suitable homes in good families for orphans and dependent children was begun yesterday by Rev. E. H. Caylor, the field secretary of the Children's Home Society of Ohio, whose headquarters are at Columbus.

Rev. Mr. Caylor to a News Review reporter stated that as far as the work had progressed for the first day, he thought that he would be very successful here. He said that he had already received encouragement from a number of citizens and that the outlook was very bright. He will be in the city for at least two weeks, as he expects to have thoroughly canvassed the town by that time.

## MORE OIL LEASES

Offered the MacKenzie Company in the Tar Burner District.

Squire A. G. MacKenzie, of the MacKenzie Oil & Gas company, next week will visit in the company's fields located in the Tar Burner district, two miles west of Port Huron. The company has recently purchased several acres of territory and is still after more.

J. Riley, a wealthy land owner, has made a proposition to the company to release 1,500 acres of his land which adjoins the Tar Burner region. It is thought that Mr. Riley's offer will be accepted.

## NUMEROUS CONVERTS

Made By Rev. Father Hill's Mission Services in Wellsville.

Rev. Father Edmund Hill, who has been conducting mission services at the Immaculate Conception church for the past ten days, left the city last evening for his home in Louisville, Ky.

Numerous conversions have been made during Father Hill's stay in the city, and it is hoped that he will return again. He has been a priest for 31 years and was formerly an Episcopal minister in England.

Aged 78 And Paralyzed.

A pencil vender arrived in this city yesterday afternoon from Pittsburg, who is not one of the ordinary kind. He crawled off the afternoon train with the aid of crutches, being very feeble. He wore a sign on his chest which bore the information that he is 78 years of age and that he has been paralyzed for 10 years.

## COMMENCEMENT PROGRAM

Elaborate Exercises Arranged for Close of Chester Schools May 1.

The commencement exercises of the Chester public schools will be held on Thursday evening, May 1, at 8:30 o'clock in the U. P. church. A very elaborate program has been prepared, which includes an address on "Popular Education" by Supt. R. E. Rayman, of the East Liverpool public schools. The music for the occasion will be in charge of Prof. H. F. Laughlin, who will be assisted by Miss Margaret Baxter, of East Liverpool and others. The musical program will consist of piano and vocal solos, duets and quartets.

The presentation of pictures will be attended to by the Junior O. U. A. M., and the book case will be presented by the board of education. The proceeds will be expended toward the new school library.

## Allison-Stewart.

A very quiet wedding ceremony was performed last evening at 6 o'clock by Rev. H. M. Carnahan at his residence in Chester. The contracting parties were Mr. George Stewart and Miss Matilda Allison, two of Chester's very prominent and highly respected young people. Only the immediate families of the bride and groom were in attendance, the affair being kept very quiet. The couple will make their home here.

## Watch for Cooper.

E. Edgar, a well known Chester citizen, is in receipt of a communication from the officials of the Massillon State hospital, asking him to watch for Clyde Cooper, who escaped recently from that asylum and for whom the hospital has offered \$200 reward. Cooper shot and killed his wife at St. Mary's, W. Va., in a fit of insanity.

## An Enjoyable Evening.

William Priest, of Middle Run, gave a dance last evening at his home. About 25 couple were present, mostly from Chester. The music for the occasion was furnished by a piano and violin. The evening was very enjoyable spent.

## CHESTER NOTES.

E. Edgar is on the sick list. E. C. Baxter has begun the excavating for his new house.

Thomas Swearingen and bride visited at the home of R. G. Mercer here.

Miss Rebecca Finley, of Chester, who has been sick for several weeks, is not expected to live.

George Cameron and sister Agnes, of the Turkeyfoot oil fields, visited friends in Chester yesterday.

Harvey Brannon, of East Palestine, is moving his household goods into the house owned by J. C. McDaniels, Indiana avenue.

W. H. Beebout, of New Cumberland, was in Chester yesterday on business. Mr. Beebout is a candidate for county clerk in Hancock county.

Mrs. Banfield has not yet decided whether she will remain in Chester or not. She is at the present time running a boarding house in connection with her store.

The little confectionery store belonging to Mrs. Richard Banfield, located opposite Rock Springs park, has been sold to John Madden, of Irondale, who expects to run a general merchandise store. The new owner will take possession of his property May 1.

The Aftermath of Modern War. "The great general looks troubled. And yet the war is over, is it not?"

"Oh, yes; he came out of the war with flying colors, but it is yet to be seen how he will come out of the investigations that will naturally follow. His hardest fight is yet to come."—Chicago Post.

## COMMENCEMENT PROGRAM

Elaborate Exercises Arranged for Close of Chester Schools May 1.

The commencement exercises of the Chester public schools will be held on Thursday evening, May 1, at 8:30 o'clock in the U. P. church. A very elaborate program has been prepared, which includes an address on "Popular Education" by Supt. R. E. Rayman, of the East Liverpool public schools.

The music for the occasion will be in charge of Prof. H. F. Laughlin, who will be assisted by Miss Margaret Baxter, of East Liverpool and others. The musical program will consist of piano and vocal solos, duets and quartets.

The presentation of pictures will be attended to by the Junior O. U. A. M., and the book case will be presented by the board of education. The proceeds will be expended toward the new school library.

## Allison-Stewart.

A very quiet wedding ceremony was performed last evening at 6 o'clock by Rev. H. M. Carnahan at his residence in Chester. The contracting parties were Mr. George Stewart and Miss Matilda Allison, two of Chester's very prominent and highly respected young people. Only the immediate families of the bride and groom were in attendance, the affair being kept very quiet. The couple will make their home here.

## Watch for Cooper.

E. Edgar, a well known Chester citizen, is in receipt of a communication from the officials of the Massillon State hospital, asking him to watch for Clyde Cooper, who escaped recently from that asylum and for whom the hospital has offered \$200 reward. Cooper shot and killed his wife at St. Mary's, W. Va., in a fit of insanity.

## An Enjoyable Evening.

William Priest, of Middle Run, gave a dance last evening at his home. About 25 couple were present, mostly from Chester. The music for the occasion was furnished by a piano and violin. The evening was very enjoyably spent.

## CHESTER NOTES.

E. Edgar is on the sick list.

E. C. Baxter has begun the excavating for his new house.

Thomas Swearingen and bride visited at the home of R. G. Mercer here.

Miss Rebecca Finley, of Chester, who has been sick for several weeks, is not expected to live.

George Cameron and sister Agnes, of the Turkeyfoot oil fields, visited friends in Chester yesterday.

Harvey Brannon, of East Palestine, is moving his household goods into the house owned by J. C. McDaniels, Indiana avenue.

W. H. Beebout, of New Cumberland, was in Chester yesterday on business. Mr. Beebout is a candidate for county clerk in Hancock county.

Mrs. Banfield has not yet decided whether she will remain in Chester or not. She is at the present time running a boarding house in connection with her store.

The little confectionery store belonging to Mrs. Richard Banfield, located opposite Rock Springs park, has been sold to John Madden, of Irondale, who expects to run a general merchandise store. The new owner will take possession of his property May 1.

## RIGHT HERE IN EAST LIVERPOOL

You Can Test, Free of Charge,  
the Great French Discover-  
ery, Blood Wine.

An Almost Never-failing Cure for Coughs,  
Colds, Catarrh, Consumption, Rheu-  
matism, Kidney Disease, Etc.

So sure are the proprietors of "Blood Wine" that it will give satisfaction to all who try it that they have authorized their representatives here, Will Reed and Hodson's drug stores, to give every one a free sample in order that he may judge for himself. "Blood Wine" contains ingredients new in the practice of medicine. It cures disease by charging the blood with a germ-killing fluid that penetrates every particle of the system. It stops coughs, colds and irritations of the bronchial tubes. It kills the germs of consumption, and strengthens the lungs. It heals the air passages of the head and overcomes discharges and all symptoms of catarrh. It drives rheumatism and neuralgia out of the body. It sweetens the stomach, corrects digestion and gives the bowels a regular, healthy action. It cures kidney and bladder diseases, and restores to the normal conditions all the functions of the body. It works by completely changing all the blood in your veins and making it rich and healthy. "Blood Wine" sells on its merits, and wins friends as soon as it touches the stomach. Go to your druggist. Investigate all you read and hear about it. Write to those who used it. Read the literature, sample it and if you think it fits your case try a bottle for fifty cents and you'll not be disappointed. It contains no wine or opiates.

## PRESBYTERIANS MEET

Executive Commission of Re-  
formed Churches in Ses-  
sion at Pittsburg.

### DEVOTIONAL EXERCISES HELD.

About 50 Delegates Present From  
Different Parts of the United States  
and Canada—Some of Those Who  
Took Part in the Program.

Pittsburg, April 17.—The first ses-  
sions of the executive commission of  
the Reformed churches throughout  
the world holding the Presbyterian  
system were held yesterday, begin-  
ning in the chapel of the First United  
Presbyterian church, in the morning.  
About 50 members from all parts of  
the United States and Canada were  
present.

Rev. Dr. Robert P. Kerr, of Rich-  
mond, Va., presided, and Rev. Dr.  
William Henry Roberts was secretary.  
The first speaker was Rev. Dr. Wil-  
liam J. Reid, over 40 years pastor of  
the First church.

He made a speech of welcome.  
President Kerr thanked the doctor  
for the hearty welcome, and Secre-  
tary Roberts read his report, which  
was approved. The eighth annual  
meeting of the world's alliance will  
be held in Liverpool, in June, 1904.

The leading address of the day was  
made by Rev. Dr. A. C. Good, of Read-  
ing, Pa., on "Continental Churches."

### Meeting After Luncheon.

Luncheon was served at 1 o'clock,  
after which a speech was made by  
Rev. Dr. J. Addison Henry, of Phila-  
delphia. Then followed a recess of  
an hour, when the visiting ministers  
visited Phipps conservatory and the  
Carnegie museum.

During the afternoon session a dis-  
cussion arose after the reading of  
the report of the committee on "new  
territory."

Dr. D. J. Burrell, of New York, vig-  
orously opposed the report's adop-  
tion.

The report was referred back to  
the committee to be brought back  
again today.

Rev. Dr. John Prugh spoke on the  
recent union in India of the different  
branches of the Presbyterian church;  
also of the union in Italy. He urged  
the importance of such a union. His  
paper was discussed by Rev. Dr.  
Pentecost, General Prime, Dr. Burrell,  
Principal Caven and others. Rev. Dr.  
R. F. Sample spoke.

### Held Union Meeting Last Night.

The night session, at the Sixth  
United Presbyterian church, North  
Highland avenue and Station street,  
was in the nature of a union meeting.  
Devotional exercises of 15 minutes'  
duration opened the meeting, con-  
cluded by Rev. Dr. R. G. Ferguson, of  
New Wilmington, Pa.

There was a welcoming speech by  
Rev. Dr. Russel and a response by  
Rev. Dr. R. P. Kerr, of Richmond, Va.  
"Aims of the Alliance" was the sub-  
ject of an address by Dr. Caven, of  
Knex college, Toronto.

"Religious Liberty and Moral Con-  
ditions of Our New Territories" was  
the subject of an interesting address  
by Dr. George F. Pentecost, of Louis-  
ville, Ky.

Dr. Conrad Clever, of Baltimore, the  
last speaker, told of "Mission Work  
Among Our Alien Population."

The sessions of the alliance will be  
continued today.

### RIOTERS USED DYNAMITE.

Railroad Station Near Brussels Was  
Wrecked—Prince Albert Refused  
to Desert His Post.

Brussels, April 17.—A dynamite  
cartridge was exploded yesterday on  
the railroad track near Arlon. The  
explosion badly damaged the railroad  
bridge, but traffic was not interrup-  
ted.

Serious disorders have occurred at  
Cockerills, in the coal fields of Se-  
raing. A detachment of lancers was  
compelled to repeatedly charge a  
mob numbering about 2,000 persons.  
Many people were injured. The  
cafes in which the rioters took refuge  
were sacked.

Last evening it was announced that  
150,000 men were on strike in the dis-  
tricts of Mons, Charleroi and Liege  
alone. It is known, however, that  
5,000 men have struck at Antwerp.  
The glass works at Corcelles were  
practically destroyed by fire Tues-  
day night. It is estimated that the  
damage will amount to 600,000 francs.  
It is believed the fire was started by  
an incendiary.

The strike was spreading in Brus-  
sels. About 10,000 men were out yester-  
day. A detachment of civic guards  
on duty in the suburb of Etterbeek be-  
came disgruntled on account of being  
kept on duty in the heavy rain. Sev-  
eral of the guards threw their car-  
tridges into the gutter and shook their  
fists in the officers' faces.

Prince Albert, son of the count of  
Flanders, and heir presumptive to the  
throne of Belgium, is a major in the  
Grenadier guards, at present held in  
readiness for emergencies. The  
prince declined a proposition to be  
replaced temporarily as major of the  
grenadiers. He said:

"If my men are called to a post of  
danger it will be my duty to lead  
them."

### REVISION OF THE CREED.

Presbyterian Committee Continued  
Its Work at Washington,  
Yesterday.

Washington, April 17.—The Pres-  
byterian committee on creed revision  
yesterday practically completed the  
brief statement of doctrine. Yester-  
day the committee framed articles on  
the law, the church and its sacra-  
ments, the final judgment and mis-  
sions and the final triumph of the  
church. The work of finally review-  
ing the various articles of the state-  
ment, and properly paraphrasing and  
naming them, now will be taken up.  
It is expected this work will be fin-  
ished in a day or two, after which  
the report of the committee will be  
ready for the general assembly, to be  
held at New York at an early date.

### Remains of Talmage at Rest.

New York, April 17.—The remains  
of the Rev. Dr. T. DeWitt Talmage  
were interred in Greenwood cemetery  
yesterday. The services at the grave,  
which were very simple, were con-  
ducted by the Rev. Dr. J. Howard  
Snydam, of Rhinebeck, N. Y.

### A Good Thing.

German Syrup is the special prescrip-  
tion of Dr. A. Boschee, a celebrated  
German Physician, and is acknowledged  
to be one of the most fortunate dis-  
coveries in Medicine. It quickly cures  
Coughs, Colds and all Lung troubles of  
the severest nature, removing, as it  
does, the cause of the affection and  
leaving the parts in a strong and heal-  
thy condition. It is not an experimen-  
tal medicine, but has stood the test of  
years, giving satisfaction in every case,  
which it rapidly increasing sale each  
season confirms. Two million bottles  
sold annually. Boschee's German Syrup  
was introduced in the United States  
in 1868, and is now sold in every town  
and village in the civilized world.  
Three doses will relieve any ordinary  
cough. Price 75 cts at Charles F.  
Craig's, Foutts building, East Liver-  
pool, Ohio. Get Green's Special Almanac.

### Travelers to California

Naturally desire to see the grandest  
and most impressive scenery en route.  
This you will do by selecting the Den-  
ver & Rio Grande and Rio Grande  
Western, "The Scenic Line of the  
World," in one or both directions, as  
this line has two separate routes  
across the Rocky mountains between  
Denver and Ogden. Tickets reading  
via this route are available either via  
its main line through the Royal  
George, Leadville, over Tennessee  
Pass, through the Canon of the Grand  
river and Glenwood Springs, or via  
the line over Marshall Pass and  
through the Black Canon of the  
Gunnison, thus enabling the traveler  
to use one of the above routes going  
and the other returning. Three splen-  
dently equipped fast trains are op-  
erated to and from the Pacific coast,  
which carry through standard sleep-  
ers daily between Chicago, St. Louis,  
Denver and San Francisco. Dining  
cars (service a la carte) on all  
through trains. If you contemplate  
such a trip, let us send you beauti-  
fully illustrated pamphlets, free. S.

### FOUND THE POPE STRONGER.

Cockran Says 'Pontiff Gave Evidence  
of Wonderful Memory.

New York, April 17.—Bourke Cock-  
ran, who has just been received in  
audience by the pope, says he found  
the pontiff amazingly stronger than  
at his last audience, five years ago,  
cables the Rome correspondent of  
The Tribune. The pope showed a  
wonderful memory, recollecting all  
the circumstances about his visit  
and New York affairs, speaking with  
a firm voice.

From other sources it is learned  
that the pope expressed satisfaction  
over the new bonds of union between  
America and the Holy See from the  
mission of Governor Taft and the set-  
tlement of the Philippine question.

### Santos Dumont Called on President.

Washington, April 17.—M. Santos  
Dumont was among the president's  
callers yesterday. He came to Wash-  
ington to secure, if possible, the re-  
mission of the customs duties on a  
part of his airship, which arrived in  
New York a few days ago. The dele-  
gates to the National Academy of  
Sciences, in session here, also called  
on the president.

### To Have Hearing on Murder Charges.

Pittsburg, April 17.—Mrs. Nellie  
McWilliams, John McWilliams and  
William C. Byers, who were arrested  
for the murder of August Layton, at  
Turtle Creek, on June 3, will be ar-  
raigned for a preliminary hearing be-  
fore Alderman James V. McMasters  
on Saturday.

### MORE EVIDENCE

It is Coming in Rapidly in East Liver-  
pool.

Evidence on the following subject  
will prove of interest to every East  
Liverpool reader. So many people go  
through the same experience daily.  
This public statement should be proof  
positive to every wavering doubter.  
Read it carefully:

Mr. George Mount, of 165 Fourth  
street, teamster and dealer in coal,  
says: "For three years I had attacks  
of kidney complaint, some of them lay-  
ing me up for two or three weeks at  
a time. The symptoms were pain in  
the back, particularly severe when  
steeping or moving around. Physi-  
cians called it lumbago and advised  
by friends to use Doan's Kidney Pills  
I procured two boxes at the W. & W.  
pharmacy. They cured me."

### BOERS' VICEROUS DEMANDS.

Believed They Are Demanding a Rep-  
resentative Government and That  
British Are Opposing It.

London, April 17.—The Associated  
Press has excellent authority for say-  
ing that up to a late hour last night  
there had been no definite develop-  
ments in the matter of the peace ne-  
gotiations. The Associated Press  
learns that Lord Milner, the British  
high commissioner in South Africa,  
has defined certain propositions on  
which peace may almost immediately  
be secured, but the cabinet at its  
meeting yesterday is said to have dis-  
agreed upon the merits of Lord Mil-  
ner's terms.

"Sparring for time" best describes  
the present status of the negotiations,  
neither side being willing to risk a  
decision which would break off the  
present conference. An agreement  
may be reached at any moment, but  
this would more likely be the result  
of semi-independent action by Lord  
Milner and Lord Kitchener at Pre-  
toria.

The broad lines of Great Britain's  
terms are now known to the govern-  
ment representatives at Pretoria, and  
on these representations the cabinet  
is apparently shifting the responsi-  
bility of taking advantage of all op-  
portunities, providing no cardinal  
principles be sacrificed.

There is good reason to believe that  
the Boers are vigorously demanding  
a representative government and that  
this demand is opposed with equal  
vigor by the British representatives.  
It is understood that the Boers  
strongly object to the long delay pro-  
posed by Great Britain before a rep-  
resentative government be granted  
the former republics and that they  
also insist on the number of Boer  
seats in the council being specified.

## ANOTHER ATCHISON COMMON.

We Desire to Call the Attention of the Public to an Extract from  
Our Market Letter of March 15th:

As we informed you it would be over a month ago, the full dividend was declared on Southern Railway 3d. This declaration places the COMMON in a very strong position, and the prospect of a dividend on the COMMON is good. Remember Atchison common sold down in the 30s and in six months was selling at about \$40.00 a share. Southern Railway is in a more favorable position now than Atchison was before its rise.

So sure are the proprietors of "Blood Wine" that it will give satisfaction to all who try it that they have authorized their representatives here, Will Reed and Hodson's drug stores, to give every one a free sample in order that he may judge for himself. "Blood Wine" contains ingredients new in the practice of medicine. It cures disease by charging the blood with a germ-killing fluid that penetrates every particle of the system. It stops coughs, colds and irritations of the bronchial tubes. It kills the germs of consumption, and strengthens the lungs. It heals the air passages of the head and overcomes discharges and all symptoms of catarrh. It drives rheumatism and neuralgia out of the body. It sweetens the stomach, corrects digestion and gives the bowels a regular, healthy action. It cures kidney and bladder diseases, and restores to the normal conditions all the functions of the body. It works by completely changing all the blood in your veins and making it rich and healthy. "Blood Wine" sells on its merits, and wins friends as soon as it touches the stomach. Go to your druggist. Investigate all you read and hear about it. Write to those who used it. Read the literature, sample it and if you think it fits your case try a bottle for fifty cents and you'll not be disappointed. ## PRESBYTERIANS MEET

Executive Commission of Re-  
formed Churches in Ses-  
sion at Pittsburg.

### DEVOTIONAL EXERCISES HELD.

About 50 Delegates Present From  
Different Parts of the United States  
and Canada—Some of Those Who  
Took Part in the Program.

Pittsburg, April 17.—The first sessions of the executive commission of the Reformed churches throughout the world holding the Presbyterian system were held yesterday, beginning in the chapel of the First United Presbyterian church, in the morning. About 50 members from all parts of the United States and Canada were present.

Rev. Dr. Robert P. Kerr, of Richmond, Va., presided, and Rev. Dr. William Henry Roberts was secretary. The first speaker was Rev. Dr. William J. Reid, over 40 years pastor of the First church.

He made a speech of welcome. President Kerr thanked the doctor for the hearty welcome, and Secretary Roberts read his report, which was approved. The eighth annual meeting of the world's alliance will be held in Liverpool, in June, 1904.

The leading address of the day was made by Rev. Dr. A. C. Good, of Reading, Pa., on "Continental Churches."

Meeting After Luncheon.  
Luncheon was served at 1 o'clock, after which a speech was made by Rev. Dr. J. Addison Henry, of Philadelphia. Then followed a recess of an hour, when the visiting ministers visited Phipps conservatory and the Carnegie museum.

During the afternoon session a discussion arose after the reading of the report of the committee on "new territory."

Dr. D. J. Burrell, of New York, vigorously opposed the report's adoption.

The report was referred back to the committee to be brought back again today.

Rev. Dr. John Prugh spoke on the recent union in India of the different branches of the Presbyterian church; also of the union in Italy. He urged the importance of such a union. His paper was discussed by Rev. Dr. Pentecost, General Prime, Dr. Burrell, Principal Caven and others. Rev. Dr. R. E. Sample spoke.

Held Union Meeting Last Night.

The night session, at the Sixth United Presbyterian church, North Highland avenue and Station street, was in the nature of a union meeting. Devotional exercises of 15 minutes' duration opened the meeting, concluded by Rev. Dr. R. E. Ferguson, of New Wilmington, Pa.

There was a welcoming speech by Rev. Dr. Russell and a response by Rev. Dr. R. P. Kerr, of Richmond, Va. "Aims of the Alliance" was the subject of an address by Dr. Caven, of Knox college, Toronto.

"Religious Liberty and Moral Conditions of Our New Territories" was the subject of an interesting address by Dr. George F. Pentecost, of Louisville, Ky.

Dr. Conrad Clever, of Baltimore, the last speaker, told of "Mission Work Among Our Alien Population."

The sessions of the alliance will be continued today.

### RIOTERS USED DYNAMITE.

Railroad Station Near Brussels Was  
Wrecked—Prince Albert Refused  
to Desert His Post.

Brussels, April 17.—A dynamite cartridge was exploded yesterday on the railroad track near Arlon. The explosion badly damaged the railroad bridge, but traffic was not interrupted.

Serious disorders have occurred at Cockerills, in the coal fields of Seraing. A detachment of lancers was compelled to repeatedly charge a mob numbering about 2,000 persons. Many people were injured. The cafes in which the rioters took refuge were sacked.

Last evening it was announced that 150,000 men were on strike in the districts of Mons, Charleroi and Liege alone. It is known, however, that 5,000 men have struck at Antwerp.

The glass works at Corcelles were practically destroyed by fire Tuesday night. It is estimated that the damage will amount to 600,000 francs. It is believed the fire was started by an incendiary.

The strike was spreading in Brussels. About 10,000 men were out yesterday. A detachment of civic guards on duty in the suburb of Etterbeek became disgruntled on account of being kept on duty in the heavy rain. Several of the guards threw their cartridges into the gutter and shook their fists in the officers' faces.

Prince Albert, son of the count of Flanders, and heir presumptive to the throne of Belgium, is a major in the Grenadier guards, at present held in readiness for emergencies. The prince declined a proposition to be replaced temporarily as major of the grenadiers. He said:

"If my men are called to a post of danger it will be my duty to lead them."

### REVISION OF THE CREED.

Presbyterian Committee Continued  
Its Work at Washington,  
Yesterday.

Washington, April 17.—The Presbyterian committee on creed revision yesterday practically completed the brief statement of doctrine. Yesterday the committee framed articles on the law, the church and its sacraments, the final judgment and missions, and the final triumph of the church. The work of finally reviewing the various articles of the statement, and properly paragraphing and naming them, now will be taken up. It is expected this work will be finished in a day or two, after which the report of the committee will be ready for the general assembly, to be held at New York at an early date.

### Remains of Talmage at Rest.

New York, April 17.—The remains of the Rev. Dr. T. DeWitt Talmage were interred in Greenwood cemetery yesterday. The services at the grave, which were very simple, were conducted by the Rev. Dr. J. Howard Suydam, of Rhinebeck, N. Y.

### Smart Child.

"You never saw my hands as dirty as yours," said a mother to her little girl. "No, but grandmother did," was the reply.—Motherhood.

Many are fond of Tapoca, but dislike the trouble of soaking it. Use Mrs. Austin's Quick Lunch Tapoca. No soaking. 22

### A Good Thing.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which it rapidly increasing sale each season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts at Charles F. Craig's, Foutts building, East Liverpool, Ohio. Get Green's Special Almanac.

### Travelers to California.

Naturally desire to see the grandest and most impressive scenery en route. This you will do by selecting the Denver & Rio Grande and Rio Grande Western, "The Scenic Line of the World," and "The Great Salt Lake Route," in one or both directions, as this line has two separate routes across the Rocky mountains between Denver and Ogden. Tickets reading via this route are available either via its main line through the Royal George, Leadville, over Tennessee Pass, through the Canon of the Grand river and Glenwood Springs, or via the line over Marshall Pass and through the Black Canon of the Gunnison, thus enabling the traveler to use one of the above routes going and the other returning. Three splendidly equipped fast trains are operated to and from the Pacific coast, which carry through standard sleepers daily between Chicago, St. Louis, Denver and San Francisco. Dining cars (service a la carte) on all through trains. If you contemplate such a trip, let us send you beautifully illustrated pamphlets, free. S. K. Hooper, G. P. & T. A., Denver, Col. 7-13-14

### FOUND THE POPE STRONGER. Cockran Says Pontiff Gave Evidence of Wonderful Memory.

New York, April 17.—Bourke Cockran, who has just been received in audience by the pope, says he found the pontiff amazingly stronger than at his last audience, five years ago, cables the Rome correspondent of The Tribune. The pope showed a wonderful memory, recollecting all the circumstances about his visit and New York affairs, speaking with a firm voice.

From other sources it is learned that the pope expressed satisfaction over the new bonds of union between America and the Holy See from the mission of Governor Taft and the settlement of the Philippine question.

### Santos Dumont Called on President.

Washington, April 17.—M. Santos Dumont was among the president's callers yesterday. He came to Washington to secure, if possible, the remission of the customs duties on a part of his airship, which arrived in New York a few days ago. The delegates to the National Academy of Sciences, in session here, also called on the president.

### To Have Hearing on Murder Charges.

Pittsburg, April 17.—Mrs. Nellie McWilliams, John McWilliams and William C. Byers, who were arrested for the murder of August Lorton, at Turtle Creek, on June 3, will be arraigned for a preliminary hearing before Alderman James V. McMasters on Saturday.

### MORE EVIDENCE

It is Coming in Rapidly in East Liverpool.

Evidence on the following subject will prove of interest to every East Liverpool reader. So many people go through the same experience daily. This public statement should be proof positive to every wavering doubter. Read it carefully:

Mr. George Mount, of 165 Fourth street, teamster and dealer in coal, says: "For three years I had attacks of kidney complaint, some of them laying me up for two or three weeks at a time. The symptoms were pain in the back, particularly severe when stooping or moving around. Physicians called it lumbago and advised by friends to use Doan's Kidney Pills. I procured two boxes at the W. & W. pharmacy. They cured me."

### BOERS' VICEROUS DEMANDS.

Believed They Are Demanding a Representative Government and That British Are Opposing It.

London, April 17.—The Associated Press has excellent authority for saying that up to a late hour last night there had been no definite developments in the matter of the peace negotiations. The Associated Press learns that Lord Milner, the British high commissioner in South Africa, has defined certain propositions on which peace may almost immediately be secured, but the cabinet at its meeting yesterday is said to have disagreed upon the merits of Lord Milner's terms.

"Sparing for time" best describes the present status of the negotiations, neither side being willing to risk a decision which would break off the present conference. An agreement may be reached at any moment, but this would more likely be the result of semi-independent action by Lord Milner and Lord Kitchener at Pretoria.

The broad lines of Great Britain's terms are now known to the government representatives at Pretoria, and on these representations the cabinet is apparently shifting the responsibility of taking advantage of all opportunities, providing no cardinal principles be sacrificed.

There is good reason to believe that the Boers are vigorously demanding a representative government and that this demand is opposed with equal vigor by the British representatives. It is understood that the Boers strongly object to the long delay proposed by Great Britain before a representative government be granted the former republics and that they also insist on the number of Boer seats in the council being specified.

### DATTOS REBELLIOUS.

Refused to Deliver Murderers.  
Failed to Call on Chaffee,  
as Requested.

### EXPEDITION TO PUNISH THEM.

It is to Start About April 27—Also is  
to Punish Moros, Who Killed Amer-  
ican Soldiers and Wounded Others.  
Malvar Surrenders.

Washington, April 17.—The follow-  
ing cablegram from General Chaffee,  
dated at Manila, Monday, was made  
public at the war department:

"With reference to the telegram of  
23d ultimo, reporting attack by Moros,  
reconnaissance under Forsyth, March  
15, soldier Twenty-seventh regiment,  
United States Infantry, murdered by  
Moros, vicinity Parang Parang,  
March 30, two soldiers Twenty-sev-  
enth regiment, United States Infantry,  
having one gun, were approached  
with semblance of friendship by six  
Moros near Malabang. Rifle seized,  
one soldier killed, other severely  
wounded, but escaped. Murder with-  
out provocation or justification in  
any way. Murderers unknown. De-  
mand has been made for their surren-  
der. Thus far Dattos refused to de-  
liver them. Have been Malabang,  
tried confer with them. Waited three  
days. Dattos failed to come or ac-  
knowledge receipt of my request for  
conference. Expedition 1,200 men un-  
der Colonel Frank D. Baldwin, cav-  
alry, artillery, being formed, leaving  
for Lake Lanao about April 27, pur-  
pose arrest murderers, punish Dattos.  
Every care to be taken not bring war  
with Moros about lake. Absolutely  
important our authority respected by  
these people; that sovereignty United  
States fully acknowledged. Have  
addressed letter to this effect Dattos,  
at the same time informing them of  
friendly disposition of government;  
that purpose was to punish only those  
giving offense; that government  
claims right explore country between

Manila, Hinar says; that my purpose  
do so now and at any other time.  
Accomplishment this object necessary  
retain battalion Seventeenth two  
months longer. My belief present  
time large majority Dattos will not  
support those implicated murders."

### GEN. MALVAR SURRENDERED.

Bell Thinks He Can Master the  
Others, but Malvar Ordered  
Them to Surrender.

Manila, April 17.—General Malvar  
has unconditionally surrendered to  
Brigadier General J. Franklin Bell, at  
Batangas province, with the entire  
insurgent force of the provinces of  
Laguna and Batangas. General Bell  
says his (Bell's) influence is suffi-  
cient to quell the insurrectionary  
movements in Tayabas and Cavite  
provinces and capture all those in the  
field who have not yet surrendered,  
but Malvar has ordered the complete  
surrender of every insurgent to the  
nearest American force.

General Wheaton, reporting to the  
division headquarters, says that all  
resistance in his department has en-  
ded and that the surrenders just an-  
nounced mean that the ports will be  
opened and that the Filipinos in the  
detention camps can be allowed to  
return to their homes in time to  
plant the crops.

General Wheaton is especially  
pleased with General Bell's care of  
the natives confined in the camps.  
The officers in charge are held per-  
sonally responsible for the quality  
and quantity of the food served out  
and for the general welfare of the  
occupants of the camps.

After scouring the mountain passes  
General Bell employed volunteer  
bolomen for protection against La-  
dronismo. Numbers of Filipinos vol-  
unteered and expressed the liveliest  
satisfaction at the treatment accord-  
ed to themselves and to their families  
who were in the concentration  
camps.

### EVERETT-MOORE PROPERTIES.

Telephone Lines Sold and Railways  
May Be Disposed Of.

Cleveland, April 17.—The telephone  
properties of the Everett-Moore syn-  
dicate, at Columbus and Dayton, O.,  
were formally transferred by the  
bankers' committee yesterday to Col-  
umbus and Dayton capitalists, who  
have purchased the stock heretofore  
held by Messrs. Everett and Moore.  
Through this sale the bankers' com-  
mittee obtain about \$189,000 in  
equities to apply on the liabilities of  
the Federal Telephone company.

It is understood that eastern cap-  
italists have just secured an option

on the holdings of the Everett-Moore  
syndicate in the Detroit United Rail-  
way company covering a period of 15  
days at \$70 per share.

Chairman Newcomb, of the bank-  
ers' committee, said yesterday after-  
noon that there was a strong proba-  
bility that the deal would be con-  
summated within a few days.

Negotiations are also still pending  
for the sale of the Northern Ohio  
Traction company, and it is said that  
the deal may be consummated by  
Friday or Saturday of the present  
week.

### BUTCHERS WILL AID KNOX.

National Association to Seek Evi-  
dence Against Beef Trust.

Washington, April 17.—Attorney  
General Knox is to be assisted by the  
Butchers' National association in his  
efforts to find evidence against the  
so-called beef trust. Formal com-  
plaint has been lodged with the de-  
partment of justice by the associa-  
tion, and Mr. Knox has promised to  
do all in his power "to see that jus-  
tice is done." A conference was held  
between the attorney general and H.  
G. Wagner of New York, president,  
and D. J. Healey, secretary, of the as-  
sociation.

The butchers told the attorney gen-  
eral that the trust conducts a credit  
system with the retail dealers  
throughout the country and has a  
"blacklist" of retailers who do not  
obey the mandates of the combine.  
They said that one reason for the  
late jump in price was the cutting  
off of rebates formerly given to the  
trust by railroads, the managers of  
the big systems having been com-  
pelled to discontinue the granting of  
the concessions by order of the in-  
ter-state commerce commission.

### FROM SOUTH AFRICA

New Way of Using Chamberlain's  
Cough Remedy.

Mr. Arthur Chapman, writing from  
Durban, Natal, South Africa, says:  
"As a proof that Chamberlain's Cough  
Remedy is a cure suitable for old and  
young, I pen you the following: A  
neighbor of mine had a child just  
over two months old. It had a very  
bad cough and the parents did not  
know what to give it. I suggested  
that if they would get a bottle of  
Chamberlain's Cough Remedy and put  
some upon the dummy teat the baby  
was sucking it would no doubt cure  
the child. This they did and brought  
about a quick relief and cured the  
baby." This remedy is for sale by Al-  
vin H. Bulger.

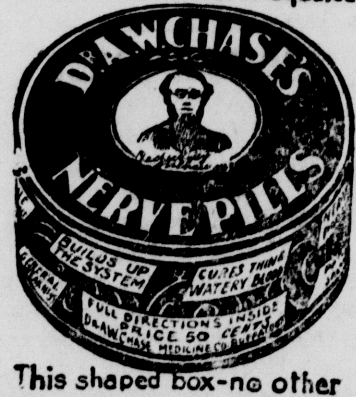

### Three Burned to Death.

Frankfort, Mich., April 17.—Mrs.  
Wallace E. King and her two children  
were burned to death at their home  
in Wallin, a village 15 miles from  
here, early yesterday. The fire,  
which started from some unknown  
cause, destroyed one store and two  
houses. The financial loss is \$8,000.

### A Valentine Originator Dead.

## BIG BASKET BALL GAME

Arrangements for a Match Between Steubenville And D. C. & A. C. at Rock Springs.

If present arrangements are completed one of the fastest basket ball games ever played in this section of the country will be witnessed at Rock Springs pavilion one week from Wednesday evening. Manager J. Howard Maxwell, of Rock Springs park, has been working on matters pertaining to this game for several days, and the details are now being arranged for a match between Steubenville Y. M. C. A. and D. C. & A. C., of Pittsburg. It has been planned to send a special train from Steubenville to Chester on the evening of the game, over the New Cumberland branch, and will return to that town after the game. It is said by Steubenville parties that not less than 250 persons from that town will take in the trip, the fare for the round trip being but 60 cents. There will also be a large crowd from Pittsburg, rooters for the D. C. & A. C., but these will likely come down over the river division, as the trip is shorter.

This city will also have a large crowd of spectators present, and from indications at least 500 persons will witness the game.

## PRESBYTERY MEETING

An Important Session of the Presbyterian Body Here Next Week.

The spring meeting of Steubenville presbytery will be held in the First Presbyterian church of this city next Monday and Tuesday. The first session will be held Monday evening, April 21.

The most important business before the presbytery will be the election of commissioners to the general assembly, which meets in New York city in May.

The usual services will be held on the opening evening, while on Tuesday morning the regular presbytery work will be taken up. The election of commissioners to the general assembly will also be held in the morning of that date. The meeting will close Tuesday evening with an address upon "Presbyterianism" by Rev. J. D. Moffat, president of Washington and Pennsylvania college.

## REPUTATION DAMAGED

Man Charged With Theft Sues for \$1,000—Other Minor Suits.

Lisbon, April 17. — (Special) — James Atkinson has sued Charles Bacon for \$1,000, claiming that his reputation has been damaged to that extent. He states that on February 8 Atkinson addressed him in the presence of others as follows: "Jimmie, I have found out who took coal. It was you who took the coal at the bank, and that is stealing. I want you to pay for it or say you will, and you had better own up to it."

In the suit of William Edwards against John Bettis judgment is confessed for \$11.75.

From Wellsville comes a suit filed by A. L. Robinson against Frank Croft, for \$36, due for rent on a dwelling.

## FOR COAL LANDS

An Important Contract for 1,200 Acres Near Holliday's Cove to Be Closed.

A contract will be closed in a few days, completing a deal begun last August, when Pittsburg parties took options on 1,200 acres in the Holliday's Cove valley. The deal includes the Crawford, Hooker, Taylor, Griffith and Lee farms, and several days ago the parties who took the options announced that they would close the deal.

It is said that they want the land for a steel plant or some other immense industry.

## Sons of St. George.

The local Sons of St. George lodge are planning to attend the St. Stephen's church on Sunday morning. They will take part in their annual service, which is now being prepared by Rector Edwin Weary. ## MISSION MEETING

Interesting Session Held By the Presbyterian Women's Society.

The monthly business meeting of the missionary societies of the First Presbyterian church was held yesterday afternoon. The attendance was large and a very interesting program was presented. Mrs. W. A. Hobbs read a paper on "India," and Mrs. Sadie Hill, by reason of illness in the home of Mrs. Lucy Wyllie, was compelled to read the latter lady's paper upon the subject, "The Freedmen."

Both papers were quite interesting. A letter received from a pupil at Ingleside seminary, Va., was also read.

A most pleasing feature of the occasion was the solo by Mrs. John C. Thompson. Mrs. Romey accompanied her upon the piano.

## STOCK MARKET MORE NORMAL,

Yet Transactions in Southern Railway Overshadowed, Wednesday. Less Than Previous Day.

New York, April 17.—The stock market reverted to a more normal condition yesterday, after Tuesday's extraordinary movement in Southern Railway. The transactions in that stock, although scarcely more than one quarter of those of Tuesday, still overshadowed the market and were on a scale beyond precedent, with a very few exceptions. Heavy profit taking was in evidence all day long, which kept the price almost constantly below Tuesday night's level. The stock's net loss was 7/8. There was some selling induced by the emphatic disclaimers on the part of Southern Railway interests of any participation in the Louisville and Nashville purchases, present or prospective. But the distinction drawn between J. P. Morgan & Co., as bankers, and the same firm as the controlling influence in Southern Railway seemed somewhat strained. The extensive power over the affairs of the Louisville and Nashville allotted to the firm seemed sufficient security for its operations in harmony with Southern Railway.

Amalgamated Copper was sold on account of the reduction in the Anaconda dividend and on fears that similar action would be taken today in the case of the Amalgamated dividend. International Power made an extraordinary upward movement of 19 1/2 points, closing with a net gain of 17 1/2. Rumors were current of some combination with American Locomotive. The gains were not well maintained in any case, and there were not a few declines during the day among important stocks, but the evidence that the financial powers which have been leading the spec-

## AMALGAMATED CONTESTS.

Committee Will Neither Slap or Vindicate National Officers.

Wheeling, W. Va., April 17.—Little business was done yesterday in the convention of the Amalgamated Association of Iron, Tin and Steel Workers. The contested seat committee labored all day and was unable to report, and the convention cannot proceed with its work until its membership has been decided upon. It is possible that the committee may make a partial report today, sufficient to allow the convention to proceed.

During the day a hearing was given representatives of the National Stogie Makers' League, whose label was endorsed.

It was learned late last night that the report of the contested seats committee will be neither a vindication of nor a slap at the national officers, on levying the assessment. One-fourth of the lodges refused to pay and the association cannot afford to alienate so large a following.

## NO NEW COUNTY

Provisions of the State Constitution Stand Squarely in the Way.

Aprpos of the proposed new county which certain East Liverpool men have been agitating, Attorney W. E. Warren, of this city, calls attention to a provision of the state constitution which knocks the project in the head.

Article 2, section 30, of the constitution, provides that no new county shall contain less than 400 square miles of territory nor any county be reduced below that amount. All laws changing counties must be approved by a majority of the electors of the county or counties affected. Any county having 100,000 inhabitants may be divided whenever a majority of the voters in each proposed division approve a law passed for that purpose.

Columbiana county would have to have 800 square miles of territory or 100,000 inhabitants before it could be divided, and it does not meet either requirement.

## BIG BASKET BALL GAME

Arrangements for a Match Between Steubenville And D. C. & A. C. at Rock Springs.

If present arrangements are completed one of the fastest basket ball games ever played in this section of the country will be witnessed at Rock Springs pavilion one week from Wednesday evening. Manager J. Howard Maxwell of Rock Springs park, has been working on matters pertaining to this game for several days, and the details are now being arranged for a match between Steubenville Y. M. C. A. and D. C. & A. C., of Pittsburg. It has been planned to send a special train from Steubenville to Chester on the evening of the game, over the New Cumberland branch, and will return to that town after the game. It is said by Steubenville parties that not less than 250 persons from that town will take in the trip, the fare for the round trip being but 60 cents. There will also be a large crowd from Pittsburg, rooters for the D. C. & A. C., but these will likely come down over the river division, as the trip is shorter.

This city will also have a large crowd of spectators present, and from indications at least 500 persons will witness the game.

## PRESBYTERY MEETING

An Important Session of the Presbyterian Body Here Next Week.

The spring meeting of Steubenville presbytery will be held in the First Presbyterian church of this city next Monday and Tuesday. The first session will be held Monday evening, April 21.

The most important business before the presbytery will be the election of commissioners to the general assembly, which meets in New York city in May.

The usual services will be held on the opening evening, while on Tuesday morning the regular presbytery work will be taken up. The election of commissioners to the general assembly will also be held in the morning of that date. The meeting will close Tuesday evening with an address upon "Presbyterianism" by Rev. J. D. Moffat, president of Washington and Pennsylvania college.

## REPUTATION DAMAGED

Man Charged With Theft Sues for \$1,000—Other Minor Suits.

Lisbon, April 17. — (Special) — James Atkinson has sued Charles Bacon for \$1,000, claiming that his reputation has been damaged to that extent. He states that on February 8 Atkinson addressed him in the presence of others as follows: "Jimmie, I have found out who took coal. It was you who took the coal at the bank, and that is stealing. I want you to pay for it or say you will, and you had better own up to it."

In the suit of William Edwards against John Bettis judgment is confessed for \$11.75.

From Wellsville comes a suit filed by A. L. Robinson against Frank Croft, for \$36, due for rent on a dwelling.

## FOR COAL LANDS

An Important Contract for 1,200 Acres Near Holiday's Cove to Be Closed.

A contract will be closed in a few days, completing a deal begun last August, when Pittsburg parties took options on 1,200 acres in the Holiday's Cove valley. The deal includes the Crawford, Hooker, Taylor, Griffith and Lee farms, and several days ago the parties who took the options announced that they would close the deal.

It is said that they want the land for a steel plant or some other immense industry.

## Sons of St. George.

The local Sons of St. George lodge are planning to attend the St. Stephen's church on Sunday morning. They will take part in their annual service, which is now being prepared by Rector Edwin Weary. Interesting Session Held By the Presbyterian Women's Society.

The monthly business meeting of the missionary societies of the First Presbyterian church was held yesterday afternoon. The attendance was large and a very interesting program was presented. Mrs. W. A. Hobbs read a paper on "India," and Mrs. Sadie Hill, by reason of illness in the home of Mrs. Lucy Wyllie, was compelled to read the latter lady's paper upon the subject, "The Freedmen." Both papers were quite interesting.

A letter received from a pupil at Ingleside seminary, Va., was also read.

A most pleasing feature of the occasion was the solo by Mrs. John C. Thompson. Mrs. Romey accompanied her upon the piano.

## STOCK MARKET MORE NORMAL,

Yet Transactions in Southern Railway Overshadowed, Wednesday. Less Than Previous Day.

New York, April 17.—The stock market reverted to a more normal condition yesterday, after Tuesday's extraordinary movement in Southern Railway. The transactions in that stock, although scarcely more than one quarter of those of Tuesday, still overshadowed the market and were on a scale beyond precedent, with a very few exceptions. Heavy profit taking was in evidence all day long, which kept the price almost constantly below Tuesday night's level. The stock's net loss was 7/8. There was some selling induced by the emphatic disclaimers on the part of Southern Railway interests of any participation in the Louisville and Nashville purchases, present or prospective. But the distinction drawn between J. P. Morgan & Co., as bankers, and the same firm as the controlling influence in Southern Railway seemed somewhat strained. The extensive power over the affairs of the Louisville and Nashville allotted to the firm seemed sufficient security for its operations in harmony with Southern Railway.

Amalgamated Copper was sold on account of the reduction in the Anaconda dividend and on fears that similar action would be taken today in the case of the Amalgamated dividend. International Power made an extraordinary upward movement of 19 1/2 points, closing with a net gain of 17 1/2. Rumors were current of some combination with American Locomotive. The gains were not well maintained in any case, and there were not a few declines during the day among important stocks, but the evidence that the financial powers which have been leading the specu-

## AMALGAMATED CONTESTS.

Committee Will Neither Slap or Vindicate National Officers.

Wheeling, W. Va., April 17.—Little business was done yesterday in the convention of the Amalgamated Association of Iron, Tin and Steel Workers. The contested seat committee labored all day and was unable to report, and the convention cannot proceed with its work until its membership has been decided upon. It is possible that the committee may make a partial report today, sufficient to allow the convention to proceed.

During the day a hearing was given representatives of the National Stogie Makers' League, whose label was endorsed.

It was learned late last night that the report of the contested seats committee will be neither a vindication of nor a slap at the national officers, on levying the assessment. One-fourth of the lodges refused to pay and the association cannot afford to alienate so large a following.

Concert Tomorrow Evening — The Samis Jackson Concert company will give the next entertainment of the high school lecture course at the opera house tomorrow evening.

To Wed in Camden—Invitations have been received in this city for the wedding of Josiah Shook, who was one of the managers of a device at Rock Springs last season, and Miss Alice Campbell Corbin. The ceremony is to be performed on the evening of April 18, at the home of the bride's parents in Camden, N. J.

Was Not Arrested—The person arrested in Wellsville recently for drunkenness, who gave the name of John Saling, of East Liverpool, was not John Saling who works as a kilnhand at Vodrey's pottery, and it is thought his name was not Saling at all. Evidently some one used Mr. Saling's name with malicious intent.

## NO NEW COUNTY

Provisions of the State Constitution Stand Squarely in the Way.

Apropos of the proposed new county which certain East Liverpool men have been agitating, Attorney W. E. Warren, of this city, calls attention to a provision of the state constitution which knocks the project in the head.

Article 2, section 30, of the constitution, provides that no new county shall contain less than 400 square miles of territory nor any county be reduced below that amount. All laws changing counties must be approved by a majority of the electors of the county or counties affected. Any county having 100,000 inhabitants may be divided whenever a majority of the voters in each proposed division approve a law passed for that purpose.

Columbiana county would have to have 800 square miles of territory or 100,000 inhabitants before it could be divided, and it does not meet either requirement.

19TH YEAR. NO. 91.

EAST LIVERPOOL, O., THURSDAY, APRIL 17, 1902.

## SETTLEMENT OF THE STRIKE EXPECTED IN A SHORT TIME

**Both Sides in the Chester Mill  
Dispute Show a Desire  
to Compromise.**

**SEVERAL MEETINGS HELD**

**At One of Which the Acting Man-  
ager Addressed the Mill  
Men.**

**NEW SCALE TO BE DRAFTED**

**And Sent on to the Headquarters of  
the Company for Approval—An  
Early Adjustment of the Difficulty  
is Predicted Today.**

The men who quit work at the Chester tin mill yesterday morning at 5 o'clock are still out, but it was expected at noon today that the several tin mills would be in operation not later than Monday next. The men are as anxious to return to work as the company is to have the plant again in operation.

A meeting of the workmen was held in the grand stand at Rock Springs park yesterday afternoon, which was attended by almost every person connected with the mill. At this session the men were addressed by Acting Manager Goldsmith, who is reported to have told the workmen that if the scale was not satisfactory the company would make matters so, and as soon as possible. The men were asked to prepare and present to the officials of the Chester mill a scale of their own, and in turn it would be forwarded to the headquarters of the company at New York by Goldsmith.

The committee which was appointed at the first meeting to prepare a scale for the men, presented the scale this morning to the officials of the mill, but later withdrew it. The committee discovered that it had made a few errors which ought to be corrected. At a meeting held this morning in the grand stand at Rock Springs the committee was instructed to rearrange the scale and have the same prepared this afternoon, at which time it would be approved by the men and then it would be presented to the officials.

It is thought that this scale will be accepted by the officials of the company, as it is not as high as the Amalgamated scale, the men holding that under the process which is now being used in the mill they will be able to turn out more material than at the mills in Pittsburg and elsewhere. Judging from the conversation among the different strikers it is thought that the difficulty will be entirely settled in a short time.

During the meeting yesterday afternoon it was suggested by the mill officials that matters be so arranged that the day turn be ready to start this morning, but this was found to have been impossible. The committee having charge of the new scale met last evening and the same committee will have charge of the arrangement of the scale until it is accepted by the company. As soon as the officials of the Chester mill hear from New York, it is said the men will resume work. It is not at all likely that operations will be resumed before Monday.

## DECLARED INSANE

**A Commission Reports on the Condi-  
tion of Lucinda  
Seederly.**

Lisbon, April 17. — (Special) — In the suit of Lucinda Seederly against William Seederly, insane, Dr. M. D. Marquis, Dr. W. C. Nevin, Dr. G. H. Albright, N. H. Ramsey, W. H. Hepburn and C. M. Young were appointed to examine the condition of the defendant and report. They report the defendant permanently insane.

The petition of the plaintiff was that she might sell real estate in which the defendant had a dower right.

## IN ODD FELLOWS HALL

**Funeral Services of the Late David  
Waterfield Held  
Today.**

The funeral of David Waterfield, who died Monday evening at the rolling mill, Chester, was held this afternoon at 2 o'clock from the Odd Fel-

lows' hall. Rev. C. G. Jordan preached the funeral sermon. Lodge No. 533, Irondale, of which Mr. Waterfield was a member, attended the funeral in a body. They came on the noon train and returned on the afternoon train.

The interment was in the Odd Fellows' lot at Riverview cemetery. This is the first funeral that has ever been held from the I. O. O. F. hall.

## ANOTHER SCALE

**IS REPORTED DESIRED BY  
STREET RAILWAY COMPANY.**

**That Presented By the Men Unsatis-  
factory And Conference  
Asked.**

Official announcement has been made that L. W. Healy, of the East Liverpool Railway company, has requested a hearing with the executive committee of division No. 52, street railway employees, composed of Messrs. Moore, Calvin and Kontner. It is said that the company is not satisfied with the new scale as presented by the street railway employees, and it is supposed that a re-arrangement is desired. When the committee will again call upon Mr. Healy has not been given out.

It is a known fact that the employees dislike to change the scale, and it is likely that they will remain firm in asking the management to sign it as presented, or else have a sliding scale as presented to the men by C. A. Smith, of the East Liverpool & Rock Springs line.

When the local presented the scale to both companies, an answer was requested in 10 days, but within 24 hours after the scale was presented to C. A. Smith he sent word to the committee of the local, stating he was ready to talk business.

## TREES AND BIRDS

**Will Receive Attention in the Public  
School Exercises To-  
morrow.**

Tomorrow being Arbor day the local schools will devote several hours during the afternoon session to its observance. Supt. Rayman is in receipt of a proclamation from Governor Nash regarding the observance of Arbor day in the public schools.

As Friday is also the regular date for the literary exercises in many of the schools, the quotations, songs, recitations, etc., will be largely along lines which will tend to instill into the mind of young America the necessity of preserving the forest trees and the protection of the feathered songsters.

While attending the funeral of her sister, Mrs. J. E. McClure, of Fourth street, yesterday afternoon, Mrs. Edward Abrams, of Cannon's Mills, was attacked with a severe fainting spell. Restoratives were applied and she soon recovered.

## Gave a Site for a Church.

Toronto, April 17. — Through the generosity of R. M. Francy, the congregation of the United Presbyterian church has been presented with a valuable building lot on South Third street, the original site of the Presbyterian church and where Francy hall now stands. Mr. Francy has presented the ground to the church and the hall will be moved away. It is proposed to erect a model brick edifice.

## Probate Matters.

Lisbon, April 17. — (Special) — Mary Ann Summers, of Hanover township, as administrator, is allowed her dower of \$360.09 out of the estate of John Summers.

In the suit of Oliver V. Ball and others against Albert G. Phillips, the partition of a 25-acre tract in Salem township is ordered.

## TRUE BILLS FOUND

**Deputy Sheriff Lawrence Allison and O. L.  
Baker Indicted in Connection With  
Blackmailing Cases.**

Lisbon, April 17. — (Special) — Deputy Sheriff Lawrence Allison has been indicted by the grand jury on three counts in connection with the O. L. Baker blackmailing scheme. Baker is also indicted.

The grand jury rose this afternoon, having found 45 indictments in all.

The three indictments against Allison are for soliciting bribes. One indictment is returned against Oscar L. Baker on the charge of blackmail, one for false pretense.

In the first indictment against Baker the name of Saloon Keeper William H. Thompson and in the second that of Jacob Sweigart.

As the warrants are not yet served on Allison the indictments are not open to the view of anybody but officials, but it is understood that the charge is soliciting bribes.

Allison has been in the sheriff's office most of the afternoon. Shortly after the grand jury reported, one of his friends entered the office and said:

"Well, Lawrence, they returned against you."  
The friend thought the warrants had been served. It was Allison's first news of the matter. Turning quickly, he fixed his gaze far away, out of the window.

"There is a chance yet," he said. "A good chance."  
Sheriff Leonard and Deputy Davidson seemed as much overcome and unnerved as Allison. Both think highly of the deputy and refuse to believe that he can be proven guilty.

The sheriff said this morning that if Allison was indicted, it would be one of the worst things that ever happened in his life, because of his great confidence in him.

Allison told his wife and child last night of the difficulty, stating that he can prove his innocence.

The whole matter comes as a great shock to court house officials, as all who know Allison had every reason to believe in his honesty. No suspicion attaches to Sheriff Leonard or Deputy Dan Davidson.

## POTTERY DEAL IS DELAYED

**Hitch in Negotiations For a Tren-  
ton-East Liverpool  
Combination.**

## DETAILS ARE WANTING

**The Cook Pottery, of Trenton, One of  
the Principal Plants to Be In-  
cluded, Refuses to Consider the  
Project Further.**

Reports have been in circulation in Trenton for several days, says a Trenton paper, to the effect that there has been a hitch in the negotiations to form a consolidation of several Trenton and East Liverpool potteries. It has been stated that the Cook pottery company, which was one of the principal plants that was to form the combination, has entirely withdrawn from the deal. Mr. Cook is said to have refused to consider any further offers.

It was expected the project would be finally settled at a meeting set for last week, but something unexpected happened just at the last moment disappointing several manufacturers who intended going into the combine.

The exact details as to what has delayed the perfecting of the consolidation are lacking, both at Trenton and in this city, as those persons in this city connected with the company knew nothing of the business affairs of the concern.

## TAKEN TO CANTON

**Crip Cain Started for the Workhouse.  
Police Court  
Decreases.**

Officer Saulsberry left this morning for Canton, having in custody "Crip" Cain, who will do about six months at the workhouse.

Joe Woolley, who was arrested several days ago, and who was booked to remain in jail until the fine of \$5.50 was paid, secured his release yesterday and an order was secured amount.

Ed O'Neill, the New Castle man who was jailed early in the week for drunkenness, was released yesterday. He has secured employment with Manager Tom Price, of the Toronto pottery, and a norder was secured from him covering the amount of the fine.

## Received Judgment.

Lisbon, April 17. — (Special) — D. H. Speidel received judgment in Squire Winder's court at Hanoverton against J. S. Fallow for \$69.35. Fallow assumed an account of Kennett Coy. The defendant appealed.

## GOOD MEETING OF LABOR BODY

**Trades Council Held an Unusually  
Interesting Session Last  
Night.**

## THE LIBRARY MATTER UP

**And an Account of Transactions from  
the Start Requested—The Finan-  
ces of the Council Reported in Ex-  
cellent Shape.**

While the attendance at the meeting of Trades and Labor Council was not large, the session held last night was one of the most interesting in a long time.

A communication was received from the strikers in the Singer sewing machine works at South Bend, Ind., acknowledging the receipt of a donation.

From Jamestown, N. Y., came the information that the street railway strike, which has been in progress there for some time, had been settled.

A committee appointed at the last meeting reported that it was unable to find any of Ward & Co.'s overalls on sale in this city. The product was on the unfair list and the council had been requested to discourage its sale.

A motion was passed providing that the secretary be instructed to communicate with the secretary of the public library board, asking for a report covering a wide scope. The Trades Council believes it is entitled and should have an accounting of the funds, receipts and expenditures of the institution since it started. They will ask that a list of books now owned by the library be furnished, together with the cost thereof. They would like a record of the receipts from various sources. The members feel that this courtesy is due the body from the fact that the institution has derived most of its revenue from the council and the unions affiliated with it. The request is made in order that the organization may have a record of the transactions mentioned. If the library secretary responds the information will be preserved for future reference.

It was unanimously decided to express the disapproval of the council of the alleged action of Hon. D. W. Crist, of the state legislature, in having the free school book bill pigeon-holed. Other trades unions have taken similar action.

Trustee Orr made a report in behalf of his board. It showed that the finances of the council were in excellent condition. Besides considerable ready money in the hands of the trustees, a comfortable sum was in a local building and loan association.

A credential committee was appointed, whose duty it will be to look

after new delegates previous to the reorganization early next month.

Owing to the fact that a great many of the delegates from the pottery trades will be absent from the city upon the date on which the new council will organize, it was suggested that the election of officers be deferred. The question called forth a great deal of discussion, and it was finally concluded that nothing could be done along this line without violating the constitution.

## COSTLY WRECK

**ON THE C. & P. NEAR TORONTO  
YESTERDAY.**

**Freight Cars And Locomotive Smash-  
ed And Gondolas  
Telescoped.**

A costly freight wreck occurred on the C. & P. near the Little Giant brick works, above Toronto, yesterday morning, when a big class H-4 engine and several freight cars and gondolas were smashed up. The wreck occurred immediately after the early eastbound passenger train had left the station and the main track and sidings were blocked until noon.

The cars were thrown across the tracks, the contents broken and scattered about, trucks were torn off and rails torn up. The wreck was caused by the parting of extra freight train 698. The train parted above the Great Western works and Engineer Jordan cut loose on the siding east of the Giant and backed up on the main track to get the rear end of his train. After coupling up he pulled into the siding to get out of the way of the passenger train.

The air brakes refused to work and the engine crashed into the front end of the train. The impact was very heavy and the engine was almost completely wrecked, the tender going half way through the cab. The engineer and fireman both jumped just before the collision and thus escaped instant death.

Two freight cars in the middle of the train loaded with machinery and farming implements were thrown across the tracks and smashed into kindling wood and two gondola cars were telescoped. The wreck train from Wellsville had the debris and broken cars pretty well cleared away this afternoon. The main track was cleared at 11 o'clock. The wreck will cost the company several thousand dollars, besides the locomotive, which will probably go to the scrap heap.

## LOCAL OPTION AGAIN

**East Palestine to Vote on the Question  
Once More Next  
Month.**

East Palestine, April 17. — The village council has set May 10 as the date for holding a special election for the purpose of determining whether the village may have local option or not. The liquor element of the village has for some time been making an effort to secure the opening of the town to the saloons, and had met the preliminary requirements of the Beal law and presented the petition to the council.

## BUILT IN 1803

**Historical Record Unearthed in a  
Building Stone at  
Lisbon.**

Lisbon, April 17. — (Special) — While excavating for a new building in the Commercial block yesterday workmen unearthed a stone with the following inscription:

"G. E. Crowel, mason, built this house for Michael Wert and his wife Madelena, A. D. 1803."

As the town was laid but five years earlier than the date of this inscription it makes the foundation of the building destroyed by fire a year ago a very old piece of masonry, one of the oldest in town.

## Demurrer Sustained.

Lisbon, April 17. — (Special) — In the suit of Well & Well against the Union Pottery company, of East Liverpool, for legal services, a demurrer has been sustained.

## Married at Alliance.

Lisbon, April 17. — (Special) — It is announced today that William Feasline and Mrs. Annie Curry, both of Lisbon, were married at Alliance last Saturday.

Mary Ellen Plunkett, a domestic employed in a well known family of this city, was arrested by Constable Mackall, of Irondale, and taken to that town yesterday to answer to a charge of larceny.

The young woman was accused of stealing \$35 from George Duck, of Irondale, early this week and the case has been developing since last Monday. When arrested Miss Plunkett strenuously denied that she knew anything about the matter.

Constable Mackall with his prisoner arrived in Irondale on the afternoon train and she was at once conducted to the office of Justice Paisley. Here the Plunkett woman broke down and confessed to having taken \$30, but knew nothing of the other \$5. She had no money at the time and told the justice she had spent it.

Upon investigating it was found that Miss Plunkett had invested most of the money in finery.

Arrangements were made to return the goods and obtain what money was possible. The girl agreed to pay the remainder, and the case was compromised.

## CODE BILL DEAD

**Loaded Down With Innumerable  
Amendments And Buried.**

**Many Bills Passed.**

Columbus, April 17. — (Special) — The municipal code bill providing for a uniform form of government for all municipalities in Ohio is dead. Burdened with countless amendments, which divested it of all resemblance of its original shape, it was consigned to the grave by the house yesterday. The bill was referred to a select committee of one, Mr. Comings, the author of the bill, being such committee, with leave to report at leave. The means that the bill will not be heard of again this session.

The legislative grind assumed large proportions yesterday. The house passed many important bills. One of these was the Comings bill extending the life of the canal commission two years. Another bill passed was the Cain measure to establish a state board of embalming and to prevent the spread of contagious diseases. The Guerin eight-hour bill was defeated in the house after a hard fight.

The Cole bill to reduce the state levy from 2.89 mills to 1.35 mills passed the house. The state resolution to amend the constitution by adding the initiative and referendum and the Tenney resolution providing for the sine die adjournment of the legislature on April 28 were introduced.

## CAPTURED IN IOWA

**Hudson Express Agent Who Skipped  
With \$4,000 Has Been  
Caught.**

Frank E. Fuller, the young express agent of Hudson, who skipped out about two months ago with a bundle of bills amounting to about \$4,000 that were being shipped to the treasury department in Washington, has been captured.

Fuller was captured at Red Oak, Ia., where he had been traced by detectives who had been after him ever since it was learned that he had taken the money. Fuller was living in Red Oak under an assumed name, calling himself F. L. Foster. Fuller confessed to the theft and offered to return to Ohio without requisition papers.

## Accidentally Left Out.

In giving the program of Prof. Hatch's piano recital yesterday, the name of Miss Clara Pusey, who played a piano solo, a serenade from Bos-covitz, was accidentally omitted.

### PASTOR CALLED

REV. M. A. ATEN, OF DUBOIS, PA., INVITED TO COME.

Second U. P. Church Unanimous in Its Choice of a Minister.

A meeting of the congregation of the Second U. P. church was held last evening for the purpose of deciding upon a pastor for the congregation and issuing a call. The meeting was presided over by Rev. Dr. J. C. Taggart, who moderated the call. After a number of applicants had been considered a unanimous call was extended to Rev. M. A. Aten, of DuBois, Pa.

There were 91 members present at the meeting and today officials of the church called upon members who were absent, to secure their signature to the call, which must be made by every member of the church. It is thought the call will be accepted by Rev. Mr. Aten, and that he will be able to remove his family to the East End within the next month, or as soon as he can be released from the presidency of which he is now a member. He will not be installed as pastor of the Second church until the next meeting of Steubenville presbytery, which will be held at the East End church in June.

The salary attached to the DuBois charge is but \$1,000 a year, while the East End church has been paying \$1,200 a year.

### LUMBER BUSINESS BRISK

One Firm Has Ordered 300,000 Feet Immediately And Has 22 Houses to Build.

An East End lumber firm within the past week has placed orders calling for immediate delivery for over 300,000 feet of lumber, including all grades. This is the largest amount of lumber that has ever been ordered by a firm in this part of the city at one time.

It is expected the first consignment will be received not later than next Monday. The same firm has at present under contract the erection of 22 houses and five of these were started this week.

#### Presiding Elder's Visit.

Dr. C. E. Manchester, presiding elder of the Steubenville district conference, of Steubenville, was in the East End today, visiting Rev. Geo. W. Orent. His visit was for the purpose of arranging a program for the next district conference, which will be held in the Erie street M. E. church.

C. S. Johnson, of Woodsfield, was in the East End yesterday looking after a location for a news stand.

W. B. Thomas has commenced the foundation for a new residence on Ohio avenue. Work was started this morning.

The East Liverpool Railway company is improving the road bed of its road from Ralston Crossing to Mulberry street on Ohio avenue.

Mrs. John Arnold, of Helena, while placing a chimney on a lamp at her home Tuesday evening, broke the glass, severely cutting her hand.

G. F. Carey, who is ill at the home of Wylie, Burchett, of St. George street, is threatened with fever. He came to the East End last week on a boat from the south, and on that boat he became ill.

### CROWDS WERE THERE

Opening Reception of Larkins & Ferguson Was a Grand Success.

The opening of the new grocery house of Larkins & Ferguson in their own building, First avenue, East End, last night, was one of the most enjoyable events in which people of that part of town have ever participated in.

Several thousand persons attended the opening, which was novel and interesting. The perfectly stocked establishment was decorated in an artistic and attractive manner. When all had been served with refreshments, the numerous crowd was escorted to the commodious hall in the same building, where those who desired spent several hours in dancing. The affair had been elaborately planned and not a single incident occurred to mar the complete enjoyment of the occasion.

Between 5 and 7 o'clock the banquet was served and was one of the swiftest affairs ever given in the East End. In looking after the wants of the visitors who so kindly assisted the young firm in the opening, Messrs. Larkins and Ferguson were assisted by Mrs. Frank Larkins, Mrs. Taylor Larkins, Misses Nellie and Sadie Wilison, Miss Jennie McCann and Miss Rena Bricelin. After the store doors were closed a dance was given in the large hall on the second floor, the Peerless Mandolin club furnishing the music. During the day over 8,000 souvenirs were given away, to say nothing of the numerous boxes of cigars and candy kisses furnished by the D. O. Clark Co., of McKeesport, Pa. A barrel of these had been disposed of.

The following firms had representatives at the store, many of whom had large displays: Otis, Chepard & Co., Pittsburg, John Welsh; Cruikshank Pickle Co., Pittsburg, S. L. McEwen; Persley Paper Co., C. L. Richards; D. L. Clark & Co., James W. Resley; S. C. Smith & Co., Cleveland, S. L. Drake; W. R. Davidson & Son, Steubenville, W. F. Davidson; Armour Co., Major Newman; Thomas Bakery Co., East Liverpool; James Hargraves, East Liverpool, floral display.

The success of these hustling young business men is assured, as they have determined to conduct a first-class establishment, stocked with such an array of groceries that the public will be able at all times to secure anything and everything the market affords.

R. H. Smith, of Pittsburg, is conducting negotiations for the purchase of a controlling interest in the Erie Pa., Dime Savings and Trust company, whose capital, if the deal goes through, is to be raised to \$1,000,000. Mumford Craft, aged 19, was arrested at Wise, W. Va., after which he confessed that he and a companion whom he refused to name, killed a mail carrier in Magoffin county, Ky., in January, and rifled his mail sacks of \$300.

Because H. W. Beale, of the Beale Coal company, of Leechburg, refused to pay Charles Pierce his wages in the street, Pierce, who is a negro, followed Beale, making threats. He was joined by Edward Grim and the two entered a store, where Beale, fearing trouble, had stopped to leave the \$1,500 he was taking to the mines to pay the workmen. Beale then turned on Pierce, thrashing him soundly, and had him and Grim arrested on charges of attempted highway robbery.

## AFTER PAPAL CROWN.

Recent Signs of Pope's Increased Feebleness Causes Activity Among Cardinals.

### FALCONI TO THE UNITED STATES.

Present Papal Delegate to Canada Selected to Succeed Martinelli, at Washington—Not to Be Announced Until October.

Rome, April 17.—The recent signs of the increased feebleness of the pope which led, at the end of last week, to alarming reports of his sudden death, have caused a marked recrudescence of activity among the cardinals aspiring to the pontificate. The campaigning preparatory to the next conclave proceeds incessantly, the sacred college being divided into two distinct forces, headed respectively by Cardinal Rampolla, the papal secretary of state, and Cardinal Vanutelli. The latter and Cardinal Gotti now constitute the most probable successors to Leo XIII.

Those who are not now considered to be dangerous candidates are fond, however, of pointing out that almost 125 cardinals have been buried during the pontificate of Leo XIII and that the prolongation of the life of his holiness for a few years is liable to cool, through death, many more ambitious calculations.

Archbishop Falconi, the papal delegate in Canada, has been definitely selected to succeed Cardinal Martinelli, the papal delegate to the United States. This appointment will not be officially announced, however, until the meeting of the consistory next October.

Traffic in tickets to the ceremonies at St. Peter's and the Sistine chapel, held in honor of the twenty-fourth anniversary of the pope's coronation, has assumed such proportions that it has developed into a veritable scandal. Americans and English people are the principal victims of this traffic by speculators, who are in league with hotel employees. From 50,000 to 60,000 are often issued for the ceremonies at St. Peter's.

Mgr. Bisleti is indignant at this scandal and has spread broadcast notice that all tickets to pontifical ceremonies are absolutely gratuitous and that every one trying to sell such tickets must be regarded as a dishonest person.

### RE-ENACTS THE CHINESE LAW.

Bill Passed Senate—Extends Provisions to Insular Possessions—Pacific Coast Measure Beaten.

Washington, April 17.—The drastic Chinese exclusion bill originally framed by the senators and representatives from the Pacific coast states met defeat in the senate yesterday and in its place was substituted a measure offered by Mr. Platt, of Connecticut, extending the provisions of the present exclusion law and also applying that exclusion to all insular territory under the jurisdiction of the United States.

The vote by which the substitute took the place of the original bill was yeas, 48, to nays, 33. Once the substitution had been made, all senators joined in its support, with the single exception of Mr. Hoar, the substitute being passed, 76 to 1. The friends of the substitute showed their strength throughout the voting on amendments that preceded the final action and succeeded in preventing any material change in its features. Some minor changes were made, admitting Chinese persons connected with national expositions, and providing for certificates of identification of Chinese in our insular possessions. Otherwise, however, the substitute was adopted substantially in the form that Mr. Platt presented it.

The senate, after disposing of the Chinese exclusion bill, made the Philippine civil government bill the unfinished business.

The senate failed to substitute the enacting clause of the house bill for the senate measure, so that the bill now will go to the house as an original measure and from a parliamentary standpoint will have to be acted on and treated the same as though the house had not passed a Chinese exclusion bill already.

### TAFT TO STOP IN ROME.

Will Negotiate For Settlement of Philippine Friars' Land Question—Ireland's Idea.

Washington, April 17.—Archbishop Ireland, of St. Paul, had a conference with Secretary Root yesterday, following a talk he has had with the president respecting the Philippine friars' lands question. It was the idea of Archbishop Ireland and Bishop O'Gorman to have this complex question settled directly at Rome, instead of through the archbishop of Manila, who, they pointed out, would have been obliged to delay proceedings greatly by frequent reference of every important phase of the negotiations to his superiors in the Vatican.

The government here has come to accept the Ireland and O'Gorman view as the most business-like proposition and that is why Governor Taft will stop at Rome on his way back to Manila and endeavor to arrange directly the basis for an agreement for the transfer of the lands to the Philippine government in trust for the Philippine people.

Monsignor Sbaretti favored a settlement of the question at Manila, in which case he would have been appointed archbishop and would have undertaken the work himself in behalf of the religious orders. The decision in favor of Rome will involve a change in his plans.

### FRIENDS OF RECIPROCITY WON.

Carried Motion to Close General Debate on Friday—Vote 153 to 123.

Washington, April 17.—The friends of the Cuban reciprocity bill won a substantial victory in the house yesterday by carrying a motion to close general debate on Friday at 3 o'clock. The vote was 153 to 123. Thirty-three Republicans voted against the motion, but this defection was offset by 32 Democrats, who voted with the great body of the Republicans for it. The strength of the Republican opposition to the bill, judged by this vote, has decreased six since the vote was taken on the motion to go into committee of the whole to consider the bill, when the vote stood 167 to 80.

The debate yesterday was featureless. The speakers were Messrs. Roberts, of Massachusetts; Patterson, of Tennessee; and Cochran, of Missouri, for the bill, and Messrs. Bartlett, of Georgia; Cortis, of Michigan; Broussard, of Louisiana; Bell, of Colorado, and H. C. Smith, of Michigan, against it.

Max Aximetis, a saloonist of the Sixth ward, Steubenville, at whose place one Beers drank himself to death a few weeks ago, having taken eight glasses of whisky within an hour prior to his death, was sentenced to jail for 40 days and fined \$150.

## Palpitation,

fluttering or irregular pulsations are an indication of weakness of the nerves or muscles of the heart. A weakness long continued produces deformity and organic disease. If your heart action is weak, make it strong. Build up the muscles and strengthen the nerves with the greatest of all heart remedies, Dr. Miles' Heart Cure.

"My heart palpitated, beats were irregular and sometimes it would pound and throb against my chest and seem to shake the whole bed. The first bottle of Dr. Miles' Heart Cure started the cure that followed in a few months." HENRY SOMERS, Seneca Falls, N. Y.

## GAS

STOCK AGAIN GOES HIGHER. GAS APPARATUS CONSTRUCTION CO. STOCK HAS ADVANCED TO \$40 PER SHARE. Of the numerous speculative investments open to the public the new issue of stock by the Gas Apparatus Construction Company is one of the most promising, and applications for this stock have been so numerous that the value of the stock has increased rapidly, and ONLY A LIMITED NUMBER OF SHARES WILL BE SOLD AT \$40 EACH, after which the price will go higher and higher until the stock bought today at this low figure may be worth at least \$1,000. The reason for this marvelous enhancement is simple enough, it doesn't require an argument to prove the value of a process by which a good fuel gas can be manufactured for less than five cents per thousand cubic feet. THIS IS NOT AN EXPERIMENT, THE PROCESS HAS ALREADY BEEN THOROUGHLY DEMONSTRATED.

The company's plant at Chester is now ready for operation, and the material to be used in the manufacture of the gas has been ordered and shipped.

Any one interested in this stock desiring full details as to the process and the workings of the plant can have same thoroughly explained to them by calling on Mr. H. H. C. Hamerton at the company's office, corner Fifth and Market streets, who will take pleasure in showing them over the plant and explaining the details.

N. E. Young, secretary of the Na-  
 tional Base Ball league, has issued in-  
 structions to umpires of that organi-  
 zation which deserve to be copied and  
 heeded by base ball umpires every-  
 where. He tells the umpire he is ab-  
 solutely master of the field and re-  
 sponsible for presenting the game in a  
 sportsmanlike manner and eliminating  
 all ungentlemanly conduct on the part  
 of the players. He is urged to be  
 strict and prompt and to enforce the  
 full penalty for rule-breaking. Inde-  
 cent and profane language have be-  
 come such a feature of the base ball  
 field that many admirers of the game  
 have become disgusted and no longer  
 patronize it. If umpires can be found  
 who will meet and live up to the re-  
 quirements set forth by Mr. Young,  
 the sport will be given vastly more  
 encouragement everywhere.

State Treasurer I. B. Cameron and  
 the state of Ohio are both to be con-  
 gratulated on the outcome of the in-  
 vestigation of the methods in force  
 in the state treasury department. A  
 committee composed of Democrats  
 and Republicans made a searching in-  
 quiry, going over the records of the  
 office for the past ten years, and found  
 nothing to condemn and much to  
 commend. The report of the com-  
 mittee, which was adopted by the leg-  
 islature with practical unanimity,  
 spoke in the highest terms of the  
 efficient business methods employed  
 by Mr. Cameron in the conduct of his  
 office. Thus a Democratic effort to  
 find a campaign issue by a baseless  
 attack upon one of the state's most  
 able and faithful servants comes to  
 naught.

If the legal gentlemen who have  
 spent much time and labor building  
 a new county out of the southern half  
 of Columbiana had taken the trouble  
 first to examine the Ohio state consti-  
 tution they would have discovered an  
 insurmountable obstacle and spared  
 themselves work and worry. The  
 News Review gave the item for what  
 it was worth, and it made interesting  
 reading. But, supposing that the fa-  
 thers of the measure, who are lawyers,  
 had made due investigation of the  
 law on the subject, it did not take  
 the trouble to make a search of the  
 fundamental law. The joke is on the  
 legal gentlemen.

Carnegie library, now completed, is  
 an architectural ornament to the city.  
 It is a useful and noble institution as  
 well. We trust that the program to  
 be arranged for the dedicatory exer-  
 cises will be of a character befitting  
 the occasion. Special effort should be  
 put forth in this direction. The open-

ing of the library will mark another  
 step in the intellectual advancement  
 of the city.

Uncle Sam's trade with Cuba is  
 steadily growing. There are fields to  
 the south where progress is slower  
 and less satisfactory, but Americans  
 as well as South Americans are fast  
 awakening to the advantages of ex-  
 tending trade relations there.

Miss Ellen M. Stone was little more  
 than out of the hands of the bandits  
 until she fell into those of the law-  
 yers. She is getting as much grati-  
 tude advertising for her lecture as  
 Madame Bernhardt ever got on a fare-  
 well tour in America.

The Democratic party can't pose as

 It has been discovered that all the

 are located in Democratic states.

## POTTERY NEWS

The exclusive announcement of the  
 partial destruction of the Akron pot-  
 tery by fire in this paper last evening  
 caused no end of comment in pottery  
 circles in this city last evening. It  
 was one of the worst fires that had  
 occurred at Akron for months, says  
 a paper published in that city. The  
 fire started in the kilnshed and soon  
 spread to the decorating ware room,  
 which was totally destroyed. Ware in  
 this room to the value of \$15,000 was  
 damaged. The bisque ware room was  
 damaged slightly. There was a mis-  
 take made in the turning in of the  
 alarm to the fire departments, and it  
 was generally supposed that the fire  
 was at the Summit China company,  
 and three fire departments started for  
 that plant. The fire blazed for sev-  
 eral hours before it was extinguished.  
 The entire factory is now closed, but  
 the clay shops and the kilnmen will  
 resume work in a few days. The office  
 of the company was also destroyed,  
 and a number of valuable papers were  
 also lost in the flames. T. W. Cook,  
 secretary, of the company, has stated  
 that the plant will be rebuilt as soon  
 as the loss is adjusted, which is ex-  
 pected to be not later than the last  
 of the week. About 200 persons are  
 thrown idle for the present, but as  
 soon as possible departments will be  
 put on. It is said the plant will be  
 in full operation within six or eight  
 weeks. Another member of the com-  
 pany stated the fire would cause them  
 considerable inconvenience, as there  
 were a large number of orders on the  
 books, many of which were for im-  
 mediate delivery. A temporary office  
 has been established in another part  
 of the city for the present.

It is surprising how fast the photo-  
 graphers of this city are advancing  
 in the photographing of ware, from  
 which the salesmen's display books  
 are made. Only a few years ago there  
 were comparatively few photograph-  
 ers in this city doing work of this  
 kind, while in the past few years sev-  
 eral other photographers are entering  
 the field, heretofore controlled by a  
 few. Photography in this particular  
 line has also advanced rapidly in the  
 past few years, and to compare photo-  
 graphs taken years ago with those of  
 the present, there is a vast difference  
 in the character of the work. Some  
 of the local photographers have from  
 two to six assistants employed in  
 "touching up" photographs of pottery  
 pictures, and that they do their work  
 well is evidenced by the character of  
 their work, which is the best to be  
 found in any city.

The wreck which occurred on the  
 Horn switch yesterday morning pro-  
 ved to be inconvenient to the Standard  
 Pottery company. The company had  
 prepared to pack a car for Pueblo,  
 Col., and the empty car which was  
 wrecked was for that plant. As the  
 Pennsylvania company does not op-  
 erate cars to the far west the packers  
 and warehousemen were compelled to  
 lay off yesterday afternoon until this  
 morning, when the company com-  
 menced to pack packages. Another  
 car will be secured for the Standard  
 as soon as possible.

Secretary T. J. Duffy, of the Nation-  
 al Brotherhood, is now preparing a  
 complete list of the delegates from all  
 the locals in the Brotherhood which  
 will attend the annual convention  
 to be held in May. While the list  
 may be in a measure be changed and  
 names of alternates inserted, the list  
 of delegates as elected will likely an-  
 swer to their names when the roll is  
 called.

After many weeks of waiting work  
 has been commenced at the Laughlin  
 No. 3 making clay, but still this is  
 not saying what time the plant will  
 be started. It is likely clay now being  
 made will be used for test purposes  
 at the start, while within a few days  
 the clay that will be made will be  
 placed in the clay cellar and stored  
 until the clay shops are ready to start.

Though it is rather early to begin a  
 political boom for any candidate as-  
 piring to an office two years hence,  
 the friends of Thomas Pickal, kiln-  
 hand at Cartwright's, have begun to  
 agitate his candidacy. Mr. Pickal will  
 make the race for the Republican  
 nomination as mayor.

A Hebrew buyer from New York  
 was in the city Tuesday afternoon  
 and called at but one factory. He  
 was looking for bargains. He found  
 a lot and practically closed a contract  
 to take all the old stock on hand,  
 amounting to several thousand dol-  
 lars.

Owing to a shortage of boards the  
 jiggersmen at the Diamond were un-  
 able to work yesterday. It was the  
 first day they have lost this week.

## JOY IN HER HOME

Aged Colored Woman to Get a Neat  
 Sum of Pension  
 Money.

There is joy at the home of Molly  
 Brown, one of the oldest colored resi-  
 dents in this section. Word has been  
 received from Washington that an  
 \$8 pension has been granted.

For two years, or ever since the  
 death of Abe Brown, Justice McLane  
 has been endeavoring to secure a pen-  
 sion for his widow. Many obstacles  
 were encountered. The main reason  
 for the failure to secure the pension  
 was the fact that Brown enlisted un-  
 der the name of Cooper. Several other  
 small matters complicated the case.

When hope of obtaining the pen-  
 sion had been almost abandoned the  
 word was received. The payment will  
 date from July 15, 1899, and the back  
 pay will amount to over \$200.

## Pleasant For Ma.

Sister—Do you know where little  
 boys who are wicked go?  
 Small Brother—Yes, but I don't care,  
 for mother'll go with me.

## Ostrich Plumes.

All the black and white plumes come  
 from the male ostrich, the gray from  
 the female. The feathers are not plucked  
 out, as you might imagine, but are  
 clipped off with a sharp knife, leaving  
 the end of the quill in the flesh, where  
 it remains for two or three months, un-  
 til it "dies," when it is pulled out with  
 forceps.

## His Lucrative Business.

"Wanted—For a lucrative business, a  
 partner who must be a practical lock-  
 smith." This advertisement appeared  
 in a Budapest paper recently. The ad-  
 vertiser is now in jail, the police hav-  
 ing discovered that the lucrative busi-  
 ness referred to was burglary.

## Sixty-three Years a Minister.

The Rev. Dr. John Duncan of Abdie,  
 Fifeshire, Scotland, who died recently,  
 had served sixty-three years in the  
 ministry. Speaking of him, the Glas-  
 gow correspondent of the Montreal  
 Star writes: "Dr. Duncan was the fa-  
 ther o' the auld kirk—that is, the man  
 who had been a minister for the long-  
 est time. It is only a fortnight sin'  
 he was preachin' in Creich, an' no lang  
 syne he was helpin' at a curlin' match.  
 He was in Abdie a' his life after his  
 ordination an' was a favourite wi' a'  
 body in the parish."

## Crime as a Disease.

Jailer John L. Whitman of Chicago  
 said the other day in a lecture before a  
 woman's club on "The Cook County  
 Jail as a Moral Hospital" that, in his  
 opinion, if the family history of a bank  
 defaulter were examined it is probable  
 that some one of his ancestors would  
 be found to have been a short weight  
 grocer or a petty criminal against so-  
 ciety. "Crime," he added, "is a disease,  
 and its only cure is kind treatment, not  
 punishment, which has the appearance  
 of revenge."

## Careful Thorough Prescription Work

Sometimes you imagine that you have to wait  
 a long time for the medicine, but if we gave it  
 to you in less time, it would NOT be such good  
 medicine. No matter how busy we are, every  
 prescription is prepared carefully and thor-  
 oughly; no part of the work is slighted in any  
 detail. It must be right before we let it go out  
 of our hands. You may think at the time that  
 we are being too particular—but that is due to your anxiety and im-  
 patience. In your calmer thought you will admit that we are right,  
 and will thank us for preparing such RELIABLE medicine. Our meth-

## WELLSVILLE

## HOUSES ARE SCARCE

Complaints of Lack of Dwelling Accommodations Numerous of Late.

Vacant houses, furnished and unfurnished suites of rooms and single rooms suitable for occupancy have not been so scarce in Wellsville for eight years as they are at the present time. New families who arrive in the city daily have been compelled to seek houses in the extreme ends of the city, being unable to obtain even a room in a private residence in the central part of the city, and even in those parts of the city are unable to secure abodes. Several reports have been circulated, stating that new dwelling houses are to be erected, but none of these intentions have as yet been carried out and new arrivals are therefore compelled to take just what they can get.

A few weeks ago as many as 150 foreign mechanics, who had been brought to the city by the Carroll-Porter boiler works, who had offered them good positions, were compelled to leave the city on account of a lack of accommodations and scarcity of houses.

It is about time that there is "something doing" in the building line, and it is hoped that some of the intended new dwellings will soon be begun.

## MOCKED ITALIANS

And Got a Severe Thrashing for His Fun—Harry Swanson's Mistake.

While walking toward Wellsville yesterday on the railroad track from Yellow Creek, Harry Swanson passed by a party of Italians who were having a heated discussion over some matter. Harry was in a jovial mood at the time and started to mock the foreigners, mimicking their language. This proved a sad mistake for him, as the Italians immediately turned upon him in a body and gave him the worst thrashing he ever received.

Had it not been for a freight train which approached at the time, it is very likely that Mr. Swanson would have been laid up for repairs. As it was the foreigners ran away from him, fearing that he might receive assistance from the freight crew.

Swanson is now able to be out, but his head appears to be twice its natural size.

## COLUMBIAN CLUB DANCE

An Enjoyable Function Given at Wellsville City Hall Last Evening.

The Columbian club, an organization consisting of four of Wellsville's most popular young men, gave a dance last evening in the city hall. The boys have been holding these dances nearly every week during the past six months and have always been very successful. The function will undoubtedly be the last of the season, although a few will probably be held during the summer at Rock Springs park.

Miss May Rayl, of Front street, has furnished the piano music for the club for the entire season, and too much cannot be said of her work along this line. It is hoped that the boys will make the venture again next season, as the support of the dancing public is already assured them.

The order for the new "duds" will not be sent in until after the appointments have been made.

## A TELEPHONE SYSTEM

To Be Installed By the C. & P. to Reach All Engineers in the City.

A problem which has long been facing the railroad officials of the C. & P. road at the Wellsville shops is now about to be solved. For some time the company has been trying to form some plan, whereby it might be able to call out the engineers at all hours of day or night, when their services were needed. A proposition has recently been made to the company by the Bell Telephone company, whereby the latter will establish a telephone system reaching all of the different engineers throughout the city from the roundhouse without calling the central office, a switch board, easily operated, to be placed in the roundhouse building.

Propositions have been received several times heretofore from both telephone companies, which were not accepted, as the price asked was too high. A statement was recently made by an official of the company that the last proposition of the Bell company would undoubtedly be accepted.

Heretofore whenever a special freight run was ordered to start from Wellsville some employee was sent out to summon an engineer, which has always been very inconvenient.

If the Bell proposition is accepted the system will be established at once and a line run to the residing place of each engineer in the city.

## HOMES FOR ORPHANS

Rev. E. H. Caylor Canvassing to Secure Them in Wellsville.

The work of finding suitable homes in good families for orphans and dependent children was begun yesterday by Rev. E. H. Caylor, the field secretary of the Children's Home Society of Ohio, whose headquarters are at Columbus.

Rev. Mr. Caylor to a News Review reporter stated that as far as the work had progressed for the first day, he thought that he would be very successful here. He said that he had already received encouragement from a number of citizens and that the outlook was very bright. He will be in the city for at least two weeks, as he expects to have thoroughly canvassed the town by that time.

## MORE OIL LEASES

Offered the MacKenzie Company in the Tar Burner District.

Squire A. G. MacKenzie, of the MacKenzie Oil & Gas company, next week will visit in the company's fields located in the Tar Burner district, two miles west of Port Huron. The company has recently purchased several acres of territory and is still after more.

J. Riley, a wealthy land owner, has made a proposition to the company to release 1,500 acres of his land which adjoins the Tar Burner region. It is thought that Mr. Riley's offer will be accepted.

## NUMEROUS CONVERTS

Made By Rev. Father Hill's Mission Services in Wellsville.

Rev. Father Edmund Hill, who has been conducting mission services at the Immaculate Conception church for the past ten days, left the city last evening for his home in Louisville, Ky.

Numerous conversions have been made during Father Hill's stay in the city, and it is hoped that he will return again. He has been a priest for 31 years and was formerly an Episcopal minister in England.

Aged 78 And Paralyzed.

A pencil vender arrived in this city yesterday afternoon from Pittsburg, who is not one of the ordinary kind. He crawled off the afternoon train with the aid of crutches, being very feeble. He wore a sign on his chest which bore the information that he is 78 years of age and that he has been paralyzed for 10 years.

## MINOR NEWS OF WELLSVILLE.

Frank Rue is on the sick list. Mrs. George Hirst, of Main street, is very ill.

William Jones, of Wheeling, is in the city on business. Miss Sarah Barcus, of Salineville, was in the city yesterday.

J. B. Hays is visiting friends at Summitville for a few days. J. N. Mahaffey, of Calcutta, was in the city yesterday on business. Attorney Frank Wells went to Pitts-

burg last evening on a pleasure trip. Albert Weaver is in Steubenville spending a couple of days on business.

Mrs. Frank Rue is visiting her daughter in Cameron, W. Va., for a few days.

Mrs. N. E. Sheckler, of Main street, who has been quite ill for the past three weeks, is reported much better.

Mrs. John Billman, of Jefferson county, is visiting at the home of A. C. Van Dyke on Fourteenth street for a few days.

Mrs. J. Hammond and Mrs. Winfield Shrimpton, both of Alliance, are visiting Mrs. N. E. Sheckler, of Main street, for a few days.

Charles Snediker, of Fifteenth street, was taken suddenly ill while at work in his store on Main street yesterday, and is now confined to his home.

Mrs. Fred Irwin and her daughter, of Canton, who have been visiting Mrs. Irwin's mother, Mrs. Cornell, of Eighteenth street, for the past few weeks, have returned to their home.

Officer Taylor, who broke his mace on Sunday evening over an intoxicated man from Empire, has purchased a new weapon which is a decided improvement over the old "black jack."

Harry Grafton, who has been employed in the machine department of the shops, has handed in his resignation, to take effect Saturday. He has been offered a better position of the same character in Baltimore, Md., and will accept.

## Credit Where It Is Due.

"I understand," said Mr. Meekton, "that I was alluded to at a meeting of the Feminine Emancipation league as one of the most docile and obedient of husbands?"

"Yes," "Well, I shall not pretend to be a self made man. I will frankly confess that I owe this prominence entirely to Henrietta."—Washington Star.

## It Never Came Back.

"Take my advice. Don't lend Borrowings any money."

"I never did."

"Why, you used to, I'm sure, because—"

"No, I used to think I was lending it to him, but I soon discovered it was purely a gift."—Philadelphia Press.

## The Attainment of Modern War.

"The great general looks troubled. And yet the war is over, is it not?"

"Oh, yes; he came out of the war with flying colors, but it is yet to be seen how he will come out of the investigations that will naturally follow. His hardest fight is yet to come."—Chicago Post.

## COMMENCEMENT PROGRAM

Elaborate Exercises Arranged for Close of Chester Schools May 1.

The commencement exercises of the Chester public schools will be held on Thursday evening, May 1, at 8:30 o'clock in the U. P. church. A very elaborate program has been prepared, which includes an address on "Popular Education" by Supt. R. E. Rayman, of the East Liverpool public schools.

The music for the occasion will be in charge of Prof. H. F. Laughlin, who will be assisted by Miss Margaret Baxter, of East Liverpool and others. The musical program will consist of piano and vocal solos, duets and quartets.

The presentation of pictures will be attended to by the Junior O. U. A. M., and the book case will be presented by the board of education. The proceeds will be expended toward the new school library.

## Allison-Stewart.

A very quiet wedding ceremony was performed last evening at 6 o'clock by Rev. H. M. Carnahan at his residence in Chester. The contracting parties were Mr. George Stewart and Miss Matilda Allison, two of Chester's very prominent and highly respected young people. Only the immediate families of the bride and groom were in attendance, the affair being kept very quiet. The couple will make their home here.

## Watch for Cooper.

E. Edgar, a well known Chester citizen, is in receipt of a communication from the officials of the Massillon State hospital, asking him to watch for Clyde Cooper, who escaped recently from that asylum and for whom the hospital has offered \$200 reward. Cooper shot and killed his wife at St. Mary's, W. Va., in a fit of insanity.

## An Enjoyable Evening.

William Priest, of Middle Run, gave a dance last evening at his home. About 25 couple were present, mostly from Chester. The music for the occasion was furnished by a piano and violin. The evening was very enjoyably spent.

## CHESTER NOTES.

E. Edgar is on the sick list.

E. C. Baxter has begun the excavating for his new house.

Thomas Swearingen and bride visited at the home of R. G. Mercer here.

Miss Rebecca Finley, of Chester, who has been sick for several weeks, is not expected to live.

George Cameron and sister Agnes, of the Turkeyfoot oil fields, visited friends in Chester yesterday.

Harvey Brannon, of East Palestine, is moving his household goods into the house owned by J. C. McDaniels, Indiana avenue.

W. H. Beebout, of New Cumberland, was in Chester yesterday on business. Mr. Beebout is a candidate for county clerk in Hancock county.

Mrs. Banfield has not yet decided whether she will remain in Chester or not. She is at the present time running a boarding house in connection with her store.

The little confectionery store belonging to Mrs. Richard Banfield, located opposite Rock Springs park, has been sold to John Madden, of Irondale, who expects to run a general merchandise store. The new owner will take possession of his property May 1.

So sure are the proprietors of "Blood Wine" that it will give satisfaction to all who try it that they have authorized their representatives here, Will Reed and Hodson's drug stores, to give every one a free sample in order that he may judge for himself. "Blood Wine" contains ingredients now in the practice of medicine. It cures disease by charging the blood with a germ-killing fluid that penetrates every particle of the system. It stops coughs, colds and irritations of the bronchial tubes. It kills the germs of consumption, and strengthens the lungs. It heals the air passages of the head and overcomes discharges and all symptoms of catarrh. It drives rheumatism and neuralgia out of the body. It sweetens the stomach, corrects digestion and gives the bowels a regular, healthy action. It cures kidney and bladder diseases, and restores to the normal conditions all the functions of the body. It works by completely changing all the blood in your veins and making it rich and healthy. "Blood Wine" sells on its merits, and wins friends as soon as it touches the stomach. Go to your druggist. Investigate all you read and hear about it. Write to those who used it. Read the literature, sample it and if you think it fits your case try a bottle for fifty cents and you'll not be disappointed. It contains no wine or opiates.

## PRESBYTERIANS MEET

Executive Commission of Re-  
formed Churches in Ses-  
sion at Pittsburg.

### DEVOTIONAL EXERCISES HELD.

About 50 Delegates Present From  
Different Parts of the United States  
and Canada—Some of Those Who  
Took Part in the Program.

Pittsburg, April 17.—The first sessions of the executive commission of the Reformed churches throughout the world holding the Presbyterian system were held yesterday, beginning in the chapel of the First United Presbyterian church, in the morning. About 50 members from all parts of the United States and Canada were present.

Rev. Dr. Robert P. Kerr, of Richmond, Va., presided, and Rev. Dr. William Henry Roberts was secretary. The first speaker was Rev. Dr. William J. Reid, over 40 years pastor of the First church.

He made a speech of welcome. President Kerr thanked the doctor for the hearty welcome, and Secretary Roberts read his report, which was approved. The eighth annual meeting of the world's alliance will be held in Liverpool, in June, 1904.

The leading address of the day was made by Rev. Dr. A. C. Good, of Reading, Pa., on "Continental Churches."

### Meeting After Luncheon.

Luncheon was served at 1 o'clock, after which a speech was made by Rev. Dr. J. Addison Henry, of Philadelphia. Then followed a recess of an hour, when the visiting ministers visited Phipps conservatory and the Carnegie museum.

During the afternoon session a discussion arose after the reading of the report of the committee on "new territory."

Dr. D. J. Burrell, of New York, vigorously opposed the report's adoption. The report was referred back to the committee to be brought back again today.

Rev. Dr. John Prugh spoke on the recent union in India of the different branches of the Presbyterian church; also of the union in Italy. He urged the importance of such a union. His paper was discussed by Rev. Dr. Pentecost, General Prime, Dr. Burrell, Principal Caven and others. Rev. Dr. R. F. Sample spoke.

### Held Union Meeting Last Night.

The night session, at the Sixth United Presbyterian church, North Highland avenue and Station street, was in the nature of a union meeting. Devotional exercises of 15 minutes' duration opened the meeting, concluded by Rev. Dr. R. G. Ferguson, of New Wilmington, Pa.

There was a welcoming speech by Rev. Dr. Russell and a response by Rev. Dr. R. P. Kerr, of Richmond, Va. "Aims of the Alliance" was the subject of an address by Dr. Caven, of Knox college, Toronto.

"Religious Liberty and Moral Conditions of Our New Territories" was the subject of an interesting address by Dr. George F. Pentecost, of Louisville, Ky.

Dr. Conrad Clever, of Baltimore, the last speaker, told of "Mission Work Among Our Alien Population."

The sessions of the alliance will be continued today.

### RIOTERS USED DYNAMITE.

Railroad Station Near Brussels Was  
Wrecked—Prince Albert Refused  
to Desert His Post.

Brussels, April 17.—A dynamite cartridge was exploded yesterday on the railroad track near Arlon. The explosion badly damaged the railroad bridge, but traffic was not interrupted.

Serious disorders have occurred at Cockerills, in the coal fields of Seraing. A detachment of lancers was compelled to repeatedly charge a mob numbering about 2,000 persons. Many people were injured. The cafes in which the rioters took refuge were sacked.

Last evening it was announced that 150,000 men were on strike in the districts of Mons, Charleroi and Liege alone. It is known, however, that 5,000 men have struck at Antwerp.

The glass works at Corcelles were practically destroyed by fire Tuesday night. It is estimated that the damage will amount to 600,000 francs. It is believed the fire was started by an incendiary.

The strike was spreading in Brussels. About 10,000 men were out yesterday. A detachment of civic guards on duty in the suburb of Etterbeek became disgruntled on account of being kept on duty in the heavy rain. Several of the guards threw their cartridges into the gutter and shook their fists in the officers' faces.

Prince Albert, son of the count of Flanders, and heir presumptive to the throne of Belgium, is a major in the Grenadier guards, at present held in readiness for emergencies. The prince declined a proposition to be replaced temporarily as major of the grenadiers. He said:

"If my men are called to a post of danger it will be my duty to lead them."

### REVISION OF THE CREED.

Presbyterian Committee Continued  
Its Work at Washington,  
Yesterday.

Washington, April 17.—The Presbyterian committee on creed revision yesterday practically completed the brief statement of doctrine. Yesterday the committee framed articles on the law, the church and its sacraments, the final judgment and missions and the final triumph of the church. The work of finally reviewing the various articles of the statement, and properly paraphrasing and naming them, now will be taken up. It is expected this work will be finished in a day or two, after which the report of the committee will be ready for the general assembly, to be held at New York at an early date.

### Remains of Talmage at Rest.

New York, April 17.—The remains of the Rev. Dr. T. DeWitt Talmage were interred in Greenwood cemetery yesterday. The services at the grave, which were very simple, were conducted by the Rev. Dr. J. Howard Suydam, of Rhinebeck, N. Y.

### Smart Child.

"You never saw my hands as dirty as yours," said a mother to her little girl. "No, but grandmother did," was the reply.—Motherhood.

### A Good Thing.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which it rapidly increasing sale each season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts at Charles F. Craig's, Foutts building, East Liverpool, Ohio. Get Green's Special Almanac.

### Travelers to California.

Naturally desire to see the grandest and most impressive scenery en route. This you will do by selecting the Denver & Rio Grande and Rio Grande Western, "The Scenic Line of the World," and "The Great Salt Lake Route," in one or both directions, as this line has two separate routes across the Rocky mountains between Denver and Ogden. Tickets reading via this route are available either via its main line through the Royal George, Leadville, over Tennessee Pass, through the Canon of the Grand river and Glenwood Springs, or via the line over Marshall Pass and through the Black Canon of the Gunnison, thus enabling the traveler to use one of the above routes going and the other returning. Three splendidly equipped fast trains are operated to and from the Pacific coast, which carry through standard sleepers daily between Chicago, St. Louis, Denver and San Francisco. Dining cars (service a la carte) on all through trains. If you contemplate such a trip, let us send you beautifully illustrated pamphlets, free. S. K. Hooper, G. P. & T. A., Denver, Col.

### FOUND THE POPE STRONGER.

Cockran Says 'Pontiff Gave Evidence of Wonderful Memory.'

New York, April 17.—Bourke Cockran, who has just been received in audience by the pope, says he found the pontiff amazingly stronger than at his last audience, five years ago, cables the Rome correspondent of The Tribune. The pope showed a wonderful memory, recollecting all the circumstances about his visit; and New York affairs, speaking with a firm voice.

From other sources it is learned that the pope expressed satisfaction over the new bonds of union between America and the Holy See from the mission of Governor Taft and the settlement of the Philippine question.

### Santos Dumont Called on President.

Washington, April 17.—M. Santos Dumont was among the president's callers yesterday. He came to Washington to secure, if possible, the remission of the customs duties on a part of his airship, which arrived in New York a few days ago. The delegates to the National Academy of Sciences, in session here, also called on the president.

### To Have Hearing on Murder Charges.

Pittsburg, April 17.—Mrs. Nellie McWilliams, John McWilliams and William C. Byers, who were arrested for the murder of August Laton, at Turtle Creek, on June 3, will be arraigned for a preliminary hearing before Alderman James V. McMasters on Saturday.

### MORE EVIDENCE

It is Coming in Rapidly in East Liverpool.

Evidence on the following subject will prove of interest to every East Liverpool reader. So many people go through the same experience daily. This public statement should be proof positive to every wavering doubter. Read it carefully:

Mr. George Mount, of 165 Fourth street, teamster and dealer in coal, says: "For three years I had attacks of kidney complaint, some of them laying me up for two or three weeks at a time. The symptoms were pain in the back, particularly severe when stooping or moving around. Physicians called it lumbago and advised by friends to use Doan's Kidney Pills. I procured two boxes at the W. & W. pharmacy. They cured me."

### BOERS' VICEROUS DEMANDS.

Believed They Are Demanding a Representative Government and That British Are Opposing It.

London, April 17.—The Associated Press has excellent authority for saying that up to a late hour last night there had been no definite developments in the matter of the peace negotiations. The Associated Press learns that Lord Milner, the British high commissioner in South Africa, has defined certain propositions on which peace may almost immediately be secured, but the cabinet at its meeting yesterday is said to have disagreed upon the merits of Lord Milner's terms.

"Sparring for time" best describes the present status of the negotiations, neither side being willing to risk a decision which would break off the present conference. An agreement may be reached at any moment, but this would more likely be the result of semi-independent action by Lord Milner and Lord Kitchener at Pretoria.

The broad lines of Great Britain's terms are now known to the government representatives at Pretoria, and on these representations the cabinet is apparently shifting the responsibility of taking advantage of all opportunities, providing no cardinal principles be sacrificed.

There is good reason to believe that the Boers are vigorously demanding a representative government and that this demand is opposed with equal vigor by the British representatives. It is understood that the Boers strongly object to the long delay proposed by Great Britain before a representative government be granted the former republics and that they also insist on the number of Boer seats in the council being specified.

## ANOTHER ATCHISON COMMON.

We Desire to Call the Attention of the Public to an Extract from Our Market Letter of March 15th:

As we informed you it would be over a month ago, the full dividend was declared on Southern Railway Pfd. This declaration places the COMMON in a very strong position, and the prospect of a dividend on the COMMON is good. Remember Atchison common sold down in the 30s and in six months was selling at about \$80.00 a share. Southern Railway is in a more favorable position now than Atchison was before its rise.

## BIG BASKET BALL GAME

Arrangements for a Match Between Steubenville And D. C. & A. C. at Rock Springs.

If present arrangements are completed one of the fastest basket ball games ever played in this section of the country will be witnessed at Rock Springs pavilion one week from Wednesday evening. Manager J. Howard Maxwell, of Rock Springs park, has been working on matters pertaining to this game for several days, and the details are now being arranged for a match between Steubenville Y. M. C. A. and D. C. & A. C., of Pittsburg. It has been planned to send a special train from Steubenville to Chester on the evening of the game, over the New Cumberland branch, and will return to that town after the game. It is said by Steubenville parties that not less than 250 persons from that town will take in the trip, the fare for the round trip being but 60 cents. There will also be a large crowd from Pittsburg, rooters for the D. C. & A. C., but these will likely come down over the river division, as the trip is shorter.

This city will also have a large crowd of spectators present, and from indications at least 500 persons will witness the game.

## PRESBYTERY MEETING

An Important Session of the Presbyterian Body Here Next Week.

The spring meeting of Steubenville presbytery will be held in the First Presbyterian church of this city next Monday and Tuesday. The first session will be held Monday evening, April 21.

The most important business before the presbytery will be the election of commissioners to the general assembly, which meets in New York city in May.

The usual services will be held on the opening evening, while on Tuesday morning the regular presbytery work will be taken up. The election of commissioners to the general assembly will also be held in the morning of that date. The meeting will close Tuesday evening with an address upon "Presbyterianism" by Rev. J. D. Moffat, president of Washington and Pennsylvania college.

## REPUTATION DAMAGED

Man Charged With Theft Sues for \$1,000—Other Minor Suits.

Lisbon, April 17. — (Special) — James Atkinson has sued Charles Bacon for \$1,000, claiming that his reputation has been damaged to that extent. He states that on February 8 Atkinson addressed him in the presence of others as follows: "Jimmie, I have found out who took coal. It was you who took the coal at the bank, and that is stealing. I want you to pay for it or say you will, and you had better own up to it."

In the suit of William Edwards against John Bettis judgment is confessed for \$11.75.

From Wellsville comes a suit filed by A. L. Robinson against Frank Croft, for \$36, due for rent on a dwelling.

## FOR COAL LANDS

An Important Contract for 1,200 Acres Near Holliday's Cove to Be Closed.

A contract will be closed in a few days, completing a deal begun last August, when Pittsburg parties took options on 1,200 acres in the Holliday's Cove valley. The deal includes the Crawford, Hooker, Taylor, Griffith and Lee farms, and several days ago the parties who took the options announced that they would close the deal.

It is said that they want the land for a steel plant or some other immense industry.

## Sons of St. George.

The local Sons of St. George lodge are planning to attend the St. Stephen's church on Sunday morning. They will take part in their annual service, which is now being prepared by Rector Edwin Weary. The Daughters of St. George have been invited and will attend also. Both orders have a combined membership of 292, and are still growing.

## MISSION MEETING

Interesting Session Held By the Presbyterian Women's Society.

The monthly business meeting of the missionary societies of the First Presbyterian church was held yesterday afternoon. The attendance was large and a very interesting program was presented. Mrs. W. A. Hobbs read a paper on "India," and Mrs. Sadie Hill, by reason of illness in the home of Mrs. Lucy Wyllie, was compelled to read the latter lady's paper upon the subject, "The Freedmen." Both papers were quite interesting.

A letter received from a pupil at Ingleside seminary, Va., was also read.

A most pleasing feature of the occasion was the solo by Mrs. John C. Thompson. Mrs. Romey accompanied her upon the piano.

## STOCK MARKET MORE NORMAL,

Yet Transactions in Southern Railway Overshadowed, Wednesday. Less Than Previous Day.

New York, April 17.—The stock market reverted to a more normal condition yesterday, after Tuesday's extraordinary movement in Southern Railway. The transactions in that stock, although scarcely more than one quarter of those of Tuesday, still overshadowed the market and were on a scale beyond precedent, with a very few exceptions. Heavy profit taking was in evidence all day long, which kept the price almost constantly below Tuesday night's level. The stock's net loss was 7/8. There was some selling induced by the emphatic disclaimers on the part of Southern Railway interests of any participation in the Louisville and Nashville purchases, present or prospective. But the distinction drawn between J. P. Morgan & Co., as bankers, and the same firm as the controlling influence in Southern Railway seemed somewhat strained. The extensive power over the affairs of the Louisville and Nashville allotted to the firm seemed sufficient security for its operations in harmony with Southern Railway.

Amalgamated Copper was sold on account of the reduction in the Anaconda dividend and on fears that similar action would be taken today in the case of the Amalgamated dividend. International Power made an extraordinary upward movement of 19 1/2 points, closing with a net gain of 17 1/2. Rumors were current of some combination with American Locomotive. The gains were not well maintained in any case, and there were not a few declines during the day among important stocks, but the evidence that the financial powers which have been leading the specu-

## AMALGAMATED CONTESTS.

Committee Will Neither Slap or Vindicate National Officers.

Wheeling, W. Va., April 17.—Little business was done yesterday in the convention of the Amalgamated Association of Iron, Tin and Steel Workers. The contested seat committee labored all day and was unable to report, and the convention cannot proceed with its work until its membership has been decided upon. It is possible that the committee may make a partial report today, sufficient to allow the convention to proceed.

During the day a hearing was given representatives of the National Stogie Makers' League, whose label was endorsed.

It was learned late last night that the report of the contested seats committee will be neither a vindication of nor a slap at the national officers, on levying the assessment. One-fourth of the lodges refused to pay and the association cannot afford to alienate so large a following.

## NO NEW COUNTY

Provisions of the State Constitution Stand Squarely in the Way.

Apropos of the proposed new county which certain East Liverpool men have been agitating, Attorney W. E. Warren, of this city, calls attention to a provision of the state constitution which knocks the project in the head.

Article 2, section 30, of the constitution, provides that no new county shall contain less than 400 square miles of territory nor any county be reduced below that amount. All laws changing counties must be approved by a majority of the electors of the county or counties affected. Any county having 100,000 inhabitants may be divided whenever a majority of the voters in each proposed division approve a law passed for that purpose.

Columbiana county would have to have 800 square miles of territory or 100,000 inhabitants before it could be divided, and it does not meet either requirement.

## This Week's Store News

Manufacturer's Sale of Jewelry this week at about 50c on the dollar. The values offered are extraordinary, the assortments very large and the designs choice, stylish and up-to-date.

## Bobbinet Bed Sets

Something new this week in 2 piece Bobbinet Bed Sets, priced at \$3.50, \$4, \$5 to \$7.50 per set. Will be pleased to show you these—you will like them.

## New Lace Curtains

Adding more new numbers to our already very large stock of Lace Curtains. Never been in better shape to take care of your wants in this line of merchandise than at the present time. Prices range from 50c a pair to \$16.50 a pair.

## White Bed Spreads at 94c, \$1.14 and \$1.34.

Three special numbers of white bed spreads on sale this week, exceptional values. They are priced at 94c, \$1.14 and \$1.34, but are worth considerable more money. Try one of each number.

## Two Drives in Table Linens at \$1.10 and \$1.30 a Yard

Drive No. 1 is a \$1.50 Table Linen for \$1.10 a yard. Drive No. 2 is a \$2 Table Linen for \$1.30 a yard. These have been on sale during the past week at \$1.10 and \$1.30 and it was our intention to withdraw them from special sale this week and put them in regular stock at regular prices. The selling has been much heavier than we even anticipated so that the quantities left are limited. We therefore continue the sale this week to clean up the entire two lots. On every yard you buy there is a saving of 40c and 70c respectively.

## Bed Pillows

New stock of feather filled bed pillows, covered with fine art tick at \$1.50, \$2, \$3 and \$3.50 a pair.

## Sundries

White table felt 50c a yard. Electric carpet cleaner 15c a box. Electric wall paper cleaner 15c a box. Ammonia 8c a bottle. Toilet soaps 5c and 10c a cake. Mennen's talcum powder 15c a box. Dr. Lyon's tooth powder 25c a box. Cando silver polish 15c a bottle.
